

Office of Missouri State Auditor Nicole Galloway, CPA

Department of Revenue Savannah Contract License Office

Report No. 2016-082 September 2016

CITIZENS SUMMARY

Findings in the audit of the Savannah Contract License Office

Background	The Department of Revenue (DOR) has appointed 177 contract agents to
	operate contract license offices across the state. These offices process
	transactions to issue driver licenses; titles for motor vehicles, trailers, and
	marine craft; and license plates. Contract agents are compensated through
	transaction-based processing fees. Under a state law, which became
	effective in 2009, the state auditor may audit contract license offices.

Prepayment Void Transactions

Poor:

Prepayment void transactions occur when transactions are voided before payment is made, such as when the customer lacks sufficient funds or the entry has incorrect information. DOR procedures require a supervisory review of voided transactions and customer acknowledgement if a new transaction is not completed or is for a lesser amount. License office management personnel did not perform independent supervisory reviews for 3 of 10 (30 percent) prepayment void transactions that occurred from March 22 to April 5, 2016.

In the areas audited, the overall performance of this entity was Good.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

Excellent: The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.

Good: The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.

The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.

The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA Missouri State Auditor

Honorable Jeremiah W. (Jay) Nixon, Governor and
John Mollenkamp, Acting Director
Department of Revenue
Jefferson City, Missouri and
Connie F. Gordon, Contract Agent
Savannah Contract License Office
Savannah, Missouri

We have audited certain operations maintained and established by the Savannah Contract License Office, as provided by Section 136.055, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2016. The objectives of our audit were to:

- 1. Evaluate the office's internal controls related to handling of various fees and tax transactions.
- 2. Evaluate the office's compliance with certain contractual and statutory provisions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We tested certain of those controls to obtain evidence regarding the effectiveness of their design and operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the Department of Revenue's management and was not subjected to the procedures applied in our audit of the contract office.

For the areas audited, we identified (1) a deficiency in internal controls, and (2) no significant noncompliance with contractual or statutory provisions. The accompanying Management Advisory Report presents our finding arising from our audit of the Savannah Contract License Office.

Management Advisory Report - State Auditor's Finding

1. Prepayment Void Transactions

License office management personnel did not perform independent supervisory reviews for 3 of 10 (30 percent) prepayment void transactions that occurred from March 22 to April 5, 2016. In each instance a supervisor reviewed and approved her own transaction.

A prepayment void transaction occurs when a transaction is entered in the Titling and Registration Intranet Processing System (TRIPS) but is voided before payment is made. Valid reasons for prepayment void transactions include when customers lack sufficient funds to pay for the transaction, and entries with incorrect information.

Department of Revenue (DOR) official procedures require an independent supervisory review of voided transactions. Independent supervisory reviews help ensure the transactions were voided for a valid reason.

Recommendation

The license office ensure all prepayment void transactions are reviewed and approved by a supervisor independent of the original transaction.

Auditee's Response

The Savannah License Office acknowledges the mistake of the contract manager reviewing and approving her own prepayment voids. Prior to February 4, 2016, this was procedure. License Office News dated February 5, 2016, did not specify an office manager needed to approve the contract manager and vice versa. If the contract manager had gone to LP017 and fully read the new update she would have understood this. The office has changed the policy since the audit and prepayment voids are approved as required.

Auditor's Comment

The DOR policy has always required a supervisory review of prepayment void transactions. These supervisory reviews need to be independent to ensure the prepayment void transactions are handled properly. The DOR updated the policy in February 2016 to clarify this issue.

Department of Revenue Savannah Contract License Office Organization and Statistical Information

Pursuant to Section 136.030(2), RSMo, the Department of Revenue (DOR) has the authority and responsibility for the collection of motor vehicle registration fees, driver license fees, motor vehicle sales and use tax, and all other taxes. Pursuant to Section 136.055, RSMo, the director of the DOR has appointed 177 contract agents to operate contract license offices. This section also provides that the state auditor may audit the contract license offices. The DOR, License Office Bureau, under the management of the Motor Vehicle and Driver Licensing Division, is responsible for administering contract license offices throughout the state.

The contract license offices are awarded through a competitive bidding process, as required by Section 136.055.2, RSMo. This bidding process must give priority to organizations and entities (excluding action organizations) that are exempt from taxation (not-for-profit) under the Internal Revenue Code, with special consideration given to organizations and entities that reinvest a minimum of 75 percent of the net proceeds to charitable organizations in Missouri. Priority must also be given to political subdivisions such as municipalities, counties, and fire protection districts. Prior to August 2013, contracts typically ran for a year, with three 1-year renewal periods. Starting in August 2013, contracts are typically for a period of 3½ to 5½ years. The contract may be canceled at the discretion of the DOR.

The contract license offices process transactions to issue titles for all Missouri motor vehicles, trailers, and marine craft; and issue and sell a wide-range of standard, personalized, and specialty license plates that are classified into five major categories: passenger, truck, trailer, motorcycle, and bus. In addition, the contract license offices process transactions to issue five basic types of driver licenses: Intermediate License (GDL); Class F (Operator); Class E (For-Hire); Class A, B, and C (Commercial); and Class M (Motorcycle). Customers may also register with Selective Service, add endorsements or restrictions to licenses, and register to vote.

The contract agents do not receive compensation from the DOR, but receive the following fees, allowed by Sections 136.055.1 and 301.104.4, RSMo, from customers for each type of transaction processed by the office.
