December 2008

The following report contains certification information on taxing authorities throughout Missouri.

State law requires the Missouri State Auditor to annually check all taxing jurisdictions throughout Missouri as to their compliance with the tax limitation provisions of Missouri's Hancock Amendment and with Section 137.073, RSMo. The following report shows whether or not a taxing jurisdiction has met its constitutional and statutory obligation to set an overall tax rate at a level approved by voters and within the bounds of limits set by Missouri's Constitution and the State Legislature.

IMPORTANT: The State Auditor's Office has no authority to determine or review individual tax assessments. Chapter 138, RSMo, governs the appeals process for assessed valuations as they pertain to individual taxpayers.

All individual tax assessment matters are the responsibility of each county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

STATE AUDITOR'S REPORT

SUSAN MONTEE, CPA
Missouri State Auditor

Honorable Matt Blunt, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The State Auditor's Office is required to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine (1) whether local governing boards have levied taxes in accordance with state law, and (2) whether local property tax rates have been adjusted to ensure that property reassessments are revenue neutral. Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2008, we received substantiating data and issued a finding on 4,855 property tax rates of 2,819 taxing authorities. Eight taxing authorities levied tax rates that exceeded the tax rate certified, resulting in excess taxes levied of \$994,924. The number of taxing authorities levying a non-compliant tax rate is approximately 0.3 percent of all taxing authorities.

Property taxes are often the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices is often eroded.

Taxing Authorities Generally Complied with State Property Tax Laws

The State Auditor received substantiating data and reviewed 4,855 property tax rates for 2,819 taxing authorities. Of the rates reviewed, 521 are debt service levies, 122 are new property tax rates approved by voters, and 33 are existing property tax rates that were increased by voter approval. The remaining 4,179 levies reviewed are general types of levies. Eight taxing authorities (approximately 0.3 percent of all taxing authorities) levied 13 tax rates that are non-compliant. Although varying factors contributed to these violations, 11 of the 13 non-compliant rates (85 percent) and \$975,561 of the \$994,924 excess revenue levied (98 percent) are from St. Louis County. See Table 1.2 below for a listing of the non-compliant tax rates levied. Taxing authorities wholly in St. Louis County are required to use the four-rate system of levying a separate rate for each subclass of property. Uncertainty with the implementation of the four-rate system originates from a lack of statutory guidance on the handling of elections, recoupments, voluntary reductions, and debt service levies. In the absence of statutory guidance specifically addressing ballots posed under the four-rate system, the State Auditor's office has reviewed all ballots under the assumption that all elections apply to all property.

The following graphs illustrate the 5-year history of non-compliant rates and revenue.

Background

The State Auditor's office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

Review Methodology

The 2008 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Article X, Section 22, of the Missouri Constitution (commonly referred to as the Hancock Amendment). The tax rate ceiling is determined annually and is adjusted to ensure revenue

neutrality. The review of the tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, our review of property tax rates begins with the prior year allowed revenue. This is the maximum amount of revenue a taxing authority could have received in the prior year. Current year tax levies must be set to yield the same gross revenue as allowed in the prior year; in addition, an adjustment is made for additional revenue permitted for assessment growth. That adjustment is the lower of (1) the actual growth rate, (2) the inflation rate, or (3) 5 percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also affect the tax rate ceiling calculation. The county uses this rate to assess taxes on all property including new construction and improvements.

Voters may authorize increases beyond the set limits. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. The State Auditor's Office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is generally viewed as reasonable if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

A taxing authority's total assessed valuation submitted by the County Clerk or a representative of the political subdivision is used in the State Auditor's Office review of property taxes. The State Auditor's Office does not review the assessed valuation of individual pieces of property, since Chapter 138, RSMo, governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the County Assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase tax rate ceilings generally decrease depending on the amount of the increase to produce substantially the same amount of revenue as allowed in the prior year. See *Appendixes I and II* for a more detailed summary of the changes in assessed valuation by type of taxing authority, and *Appendixes III and IV* for a detailed summary of changes in tax rate ceilings by type of taxing authority.

In addition, *Appendix V* is a map that provides a statewide geographical perspective of county valuation growth due to new construction growth and reassessment from 2007 to 2008. Also, *Appendix VI* is a map that reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred.

Organization of Report Content

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright, followed by the City of St. Louis). A taxing authority located in more than one county is listed under the primary county only.

The assessed valuations presented for taxing authorities, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for school districts include only taxable locally assessed property. The abated portions of property valuations that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling.

Sales tax rollbacks required by law for some county levies were not reviewed as part of this report. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review when it appeared the district waived all or part of the rollback without voter approval in order to generate additional local revenues. See Appendixes VII and VIII A which indicate the school districts that have either full or partial waivers of Proposition C (sales tax) reductions. A majority of school districts have obtained voter approved waivers of the required sales tax rollback of their property tax including 429 with a full waiver and 48 with a partial waiver.

Notable Issues in 2008

Senate Bill 711 (SB 711) became effective August 28, 2008. SB 711 contains new provisions regarding the tax rate setting process. Changes effective for the 2008 tax rate calculation include a change in the definition of maximum authorized levy for political subdivisions other than school districts and recoupments. SB 711 re-defines the maximum authorized levy for political subdivisions other than school districts as the most recent voter approved rate, as opposed to the greater of the 1984 or the most recent voter approved rate. SB 711 changed recoupment calculations to allow recoupments for a previous year instead of the preceding one to three year period.

Additional changes for implementing SB 711 include (1) new timelines for setting tax rates for taxing authorities partially or wholly in a charter county or the City of St. Louis beginning in 2009; (2) new estimated tax rates to be calculated by taxing authorities and used by the county on assessment notices mailed to tax payers beginning in 2009 for taxing authorities partially or wholly in a charter county or the City of St. Louis and 2011 for all other taxing authorities; (3) changes in calculating tax rate increases approved by voters beginning in 2009; and (4) basing the tax rate ceiling in a reassessment year on the previous year's voluntarily reduced tax rate as opposed to the previous year's tax rate ceiling beginning in 2009.

The ramifications of this legislation are not determinable at this point and will need to be reviewed further since the effects fall beyond the calculation of the setting of the 2008 property tax rates.

State law allows the tax rate ceiling to be revised to compensate for reductions in assessments from decisions of the State Tax Commission or a judicial court or from clerical corrections. After making revisions, a political subdivision may be permitted to levy an additional tax for up to 3 years to recoup the revenues it was entitled to receive for the preceding 1-3 year period affected by the revisions. Nine taxing authorities recalculated and recouped lost revenues for their levies for the prior 3 years.

Table 1.1 summarizes voluntary reductions taken under the four-rate system. Although the majority of levies under the four-rate system did not have voluntary reductions, under current statutory guidance available, any and all voluntary reductions are allowable.

Table 1.1 Summary of Voluntary Reductions Taken Under the Four-Rate System

Description	# of Levies	Percentage
Voluntarily rolled back each subclass to zero	30	11%

Tax Rates Levied in Excess of the Tax Rate Certified

In compliance with Section 137.073.6(2), RSMo, as reenacted by SB 711, 36 taxing authorities were referred to the Attorney General's Office. Four taxing authorities revised their tax rates to comply with the state law after being referred to the Attorney General's Office. Twenty-four taxing authorities, listed in Table 1.2, levied a non-compliant rate due to a dispute in ballot interpretation. Table 1.2 lists 8 taxing authorities that levied 13 tax rates in excess of the legally permissible tax levy provided by state law. Excess taxes levied totaled \$994,924.

- (1) The Certified Rate column represents the rates determined to be legally permissible based on the information submitted by the taxing authority.
- (2) The excess tax revenue is computed by multiplying the excess tax rate (actual rate levied minus the certified rate) by the assessed valuation and dividing by 100.
- (3) Clayton School District disputes the State Auditor's implementation of the Missouri Attorney General's (AG) Opinion No. 107, 2003, to McCaskill, as applied to the recalculation and recoupment of lost revenues from the 2003 tax rates. The school district had a voter approved increase to its tax rate that was added to the tax rate ceiling valid on the date of the election as per the AG Opinion, but the school district contends that the increase should be added to the revised tax rate that would have been valid on the date of the election.
- (4) Also levied an excessive tax rate in 2007.
- (5) Twenty-four taxing authorities levied a non-compliant rate due to a dispute in ballot interpretation. Each had a ballot approving a rate equal to a fraction of a cent instead of a rate approved in whole cents.

(1) This column includes levies that existed in prior years and were revised due to an election. This column also includes school levies that increased due to the school board's election to implement Missouri Constitutional Amendment No. 2 approved by voters on November 3, 1998, which allows school districts to levy a minimum of \$2.7500 by school board action alone.

(2) This column includes all newly voted levies for which adjustments were made based on information received from the taxing authorities or to rename levies for consistency purposes.

LEGEND:

- ** Levy did not exist in the given year or was not certified due to insufficient substantiating data.
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.2 for 2008 levies and Report #2007-91 for 2007 levies.
- E School district has a full Proposition C (sales tax) waiver which allows the school district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- F School district has a partial Proposition C (sales tax) waiver which allows the school district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- G Levied a tax rate that was in excess of the legally permissible tax levy due to a dispute in ballot interpretation. A ballot was passed approving a rate equal to a fraction of a cent instead of one approved in whole cents. See Results - Table 1.2 for 2008 levies and Report #2007-91 for 2007 levies.
- H Article X, Section 11(g) of the Missouri Constitution allows the school board of the Kansas City 33 School District to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the school board of the district.

LISTING OF TAX RATES FOR LOCAL GOVERNMENTS LEVYING A SINGLE TAX RATE ON ALL PROPERTY

Political Subdivision	Purpose	2007			2008				Expiration Year
		Assessed Value	Ceiling	Levied	Assessed Value	Ceiling	Levied	Revenue	

NOTE:

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). When a taxing authority is in more than one county, it is listed under the primary county only.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

The revenue generated is computed by multiplying the tax rate levied by the assessed valuation and dividing by 100.

This Appendix does not list taxing authorities that levied a separate tax rate for each subclass of property. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendixes VIIIA and VIIIB for a listing of 2008 and 2007 taxing authorities that calculated separate tax rates for each subclass of property.

LEGEND:

- ** Levy did not exist or was not certified due to insufficient substantiating data.
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Results - Table 1.2.
- E School district has a full Proposition C (sales tax) waiver which allows the school district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.
- F School district has a partial Proposition C (sales tax) waiver which allows the school district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- G School district levy includes a recoupment rate authorized by state law and has a full Proposition C (sales tax) waiver which allows the school district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.

NOTE:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2008 and 2007 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.

The revenue generated is computed by multiplying the tax rate levied by the assessed valuation and dividing by 100.

LEGEND:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy, see Report No. 2006-88.
- B A voter approved increase to an existing levy, see Report No. 2006-88.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Report No. 2006-88.

NOTE:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2008 and 2007 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation that the property tax is levied against.
