Review of the 2010 Property Tax Rates

State law requires the Missouri State Auditor to annually check all taxing jurisdictions throughout Missouri for compliance with the tax limitation provisions of Article X, Section 22, Missouri Constitution (commonly referred to as the Hancock Amendment) and Section 137.073, RSMo. The following report shows whether or not a taxing jurisdiction has met its constitutional and statutory obligation to set an overall tax rate at a level approved by voters and within the limits set by the Missouri Constitution and state law.

IMPORTANT: The State Auditor's office has no authority to determine or review individual tax assessments. Chapter 138, RSMo, governs the appeals process for assessed valuations as they pertain to individual taxpayers.

All individual tax assessment matters are the responsibility of each county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

SUSAN MONTEE, JD, CPA

Missouri State Auditor

Honorable Jeremiah W. (Jay) Nixon, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The State Auditor's office is required by Section 137.073, RSMo, to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine whether:

1. Local governing boards levied taxes in accordance with the Missouri Constitution and state law.
2. Local property tax rates were adjusted to ensure property reassessments were revenue neutral.

Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2010, we received substantiating data and issued a finding on 4,860 property tax rates of 2,810 taxing authorities. Eight taxing authorities levied tax rates that exceeded the tax rate certified, resulting in excess taxes levied of \$1,372,754. The number of taxing authorities levying a non-compliant tax rate is 0.28 percent of all taxing authorities.

Property taxes are the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices is often eroded.

2010 Property Tax Rates Results

Summary

The State Auditor received substantiating data and reviewed 4,860 property tax rates for 2,810 taxing authorities. Of the rates reviewed, 514 are debt service tax rates, 92 are new property tax rates approved by voters, and 31 are existing property tax rates that were increased by voter approval. The remaining 4,223 tax rates were reviewed for compliance with tax rate ceiling rollback requirements only. In addition, five taxing authorities did not submit tax rate forms for our review and were not certified due to insufficient substantiating data. Eight taxing authorities (0.28 percent of all taxing authorities) levied nine tax rates that are non-compliant. Although varying factors contributed to these violations, seven of the nine non-compliant rates (78 percent) and \$765,344 of the \$1,372,754 excess revenue levied (56 percent) are from St. Louis County. Taxing authorities wholly in St. Louis County are required to use the four-rate system of levying a separate rate for each subclass of property. Uncertainty with the implementation of the four-rate system originates from a lack of statutory guidance on the handling of elections, recoupments, voluntary reductions, and debt service levies. In the absence of statutory guidance specifically addressing ballots posed under the four-rate system, the State Auditor's office has reviewed all ballots under the assumption that all elections apply to all property.

The following graphs illustrate the 5-year history of non-compliant rates and revenue. The influx of excess revenues in 2009 was due to St. Louis County levying \$11,447,230 of the total \$11,901,903 (96 percent) in excess revenues.

Background

The State Auditor's office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The counties forward the substantiating data received to the State Auditor for review. The data is reviewed and a finding is returned to

2010 Property Tax Rates Results

both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

Review Methodology

The 2010 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Article X, Section 22, Missouri Constitution (commonly referred to as the Hancock Amendment). Each tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of each tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, the review of property tax rates begins with the prior year allowed revenue. Current year tax rates must be set to yield the same gross revenue as allowed in the prior year. In addition, an adjustment is made for additional revenue permitted for assessment growth. That adjustment is the lower of (1) the actual growth rate, (2) the inflation rate, or (3) 5 percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also affect the tax rate ceiling calculation. The counties use this rate to assess taxes on all property including new construction and improvements.

Voters may authorize increases beyond the set limits. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. The State Auditor's office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is generally viewed as reasonable if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

A taxing authority's total assessed valuation submitted by the County Clerk or a representative of the political subdivision is used in the State Auditor's office review of property taxes. The State Auditor's office does not review the assessed valuation of individual pieces of property, since Chapter 138, RSMo, governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the County Assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase tax rate ceilings generally decrease, depending on the amount of the increase, to produce substantially the same amount of revenue as allowed in the prior year. As assessed valuations decrease tax rate ceilings may increase to produce substantially the same

2010 Property Tax Rates Results

revenue as allowed in the prior year from existing property, limited by voter authorization. See Appendixes I and II for a summary of the changes in assessed valuation by type of taxing authority, and Appendixes III and IV for a summary of changes in tax rate ceilings by type of taxing authority.

In addition, Appendix V is a map that provides a statewide geographical perspective of county valuation changes due to new construction and reassessment from 2009 to 2010. Also, Appendix VI is a map that reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred. However, 2010 assessed valuations indicate the majority of counties adjusted assessed valuation changes were less than the Consumer Price Index, which does not indicate a major reassessment.

Organization of Report Content

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright, followed by the City of St. Louis). A taxing authority located in more than one county is listed under the primary county only.

The assessed valuations presented for taxing authorities, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for school districts include only taxable locally assessed property. The abated portions of property valuations that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling.

Sales tax rollbacks required by law for some county levies were not reviewed as part of this report. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review when it appeared the district waived all or part of the rollback without voter approval in order to generate additional local revenues. Appendixes VII and VIII-A indicate the 477 school districts that have either full or partial waivers of Proposition C (sales tax) reductions. A majority of school districts have obtained voter approved waivers of the required sales tax rollback of their 2010 property tax including 434 with a full waiver and 43 with a partial waiver.

Notable Issues in 2010

Senate Bill No. 711, Second Regular Session, 94th General Assembly became effective August 28, 2008. Senate Bill No. 711 contained new provisions regarding the tax rate setting process, many of which were implemented in 2008 and 2009. Beginning in 2010, a governing body may in a year following general reassessment increase a previously voluntarily reduced tax rate, for a reduction taken in a prior non-reassessment year, to the tax rate ceiling that would have been effective in the current year had no voluntary reduction been taken. Governing bodies increasing a previously voluntarily reduced rate shall conduct a public hearing and adopt an

2010 Property Tax Rates Results

ordinance, resolution, or policy statement justifying the increase prior to setting and certifying the tax rate.

Also in 2010, House Bill No. 1316, Second Regular Session, 95th General Assembly, rescheduled the date the new estimated tax rates had to be calculated and mailed for taxing authorities not partially in first class charter counties or the City of St. Louis. Effective dates were changed from January 1, 2011, to January 1, of the year following receipt of software necessary for implementation provided from the State Tax Commission.

In 2010, the number of taxing authorities recouping lost revenues significantly increased due to clarification regarding whether charter counties were allowed an additional month to set their rates. House Bill No. 1392, Second Regular Session, 95th General Assembly, became effective August 28, 2010, and addressed this issue by specifically changing the date political subdivisions partially or wholly in a charter county or the City of St. Louis set their tax rates from September 1 to October 1. The majority of recoupments were due to taxing authorities within these counties making revisions to recalculate and recoup lost revenue for the additional month's changes from the previous year which were not made in time to be included in the 2009 tax rate ceiling calculation. After making revisions, a political subdivision is permitted to levy an additional tax for up to 3 years to recoup the revenues it was entitled to receive. Twenty-seven taxing authorities recalculated and recouped lost revenues for prior years.

Tax Rates Levied in Excess of the Tax Rates Certified

In compliance with Section 137.073.6(2), RSMo, eight taxing authorities were referred to the Attorney General's office. The table below lists the eight taxing authorities that levied nine tax rates in excess of the legally permissible tax rate provided by state law. Excess taxes levied totaled \$1,372,754. In addition, five taxing authorities did not submit tax rate forms for our review and were not certified due to insufficient substantiating data.

The Mehlville R-IX School District tax rate certification is pending an Attorney General's Opinion. The certification letter of this school district's tax rate does not indicate whether it complies with state law. Instead the following note was added to the certification: "Determination of compliance is pending an Attorney General's Opinion requested to determine interpretation of the correct operating levy established by the ballot language from November 2008." The State Auditor's office requested an Attorney General's Opinion because the November 2008 ballot included an increase to different stated rates for residential property, agricultural property, commercial property, and personal property. These different stated rate increases did not increase each subclass rate by the same amount. Current statutory guidance does not address ballot increases that do not increase all subclasses of property by the same rate or to the same rate.

APPENDIX VII

2010 PROPERTY TAX RATES

LISTING OF 2009 AND 2010 TAX RATES FOR LOCAL GOVERNMENTS LEVYING A SINGLE TAX RATE ON ALL PROPERTY

Political Subdivision	Purpose	2009			2010				Expiration Year
		Assessed Value	Ceiling	Levied	Assessed Value	Ceiling	Levied	Revenue	

LEGEND:

- * Levy was not certified due to insufficient substantiating data.
- ** Levy did not exist in the given year.
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see the results section for 2010 levies and Report #2010-19 for 2009 levies.
- E School district has a full Proposition C (sales tax) waiver which allows the school district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- F School district has a partial Proposition C (sales tax) waiver which allows the school district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- G Article X, Section 11(g) of the Missouri Constitution allows the Kansas City 33 School District School Board to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the School Board.
- H Taxing authority is dissolving.
- I City of Neosho in Newton Coutny reinstated a previously authorized levy that was voluntarily reduced to zero in 1998 - 2009.

NOTE:

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). When a taxing authority is in more than one county, it is listed under the primary county only.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue generated is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

This Appendix does not list taxing authorities that levied a separate tax rate for each subclass of property. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendixes VIII-A and VIII-B for a listing of 2010 and 2009 taxing authorities that calculated separate tax rates for each subclass of property.

School District has a full Proposition C (sales tax) waiver which allows the school district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.

NOTE:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2010 and 2009 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue generated is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

NOTE:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2010 and 2009 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.
