## Findings in the audit of Fourth Judicial Circuit - Gentry County

### Accounting Controls and Procedures

We identified significant weaknesses with accounting controls and procedures. The Circuit Clerk does not review and approve voided transactions, non-monetary transactions, and adjustments in the Judicial Information System (JIS). The Circuit Clerk does not account for the numerical sequence of all receipt numbers assigned by the JIS. The court's administrative plan for the collection of court debt does not address all elements required by court operating rules and payment plans have not been established on some applicable cases. Time payment fees were also not assessed on some cases as required by court operating rules.
