

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Atchison County

Sheriff's Controls and Procedures	The Sheriff's office does not issue receipt slips for paper service fees received, post these fees to the paper service fee log, restrictively endorse checks, or deposit these monies until the papers are served. Jail personnel do not use prenumbered bond forms, and prenumbered receipt slips are not issued for bonds paid by credit card. In addition, bonds received are not posted to the spreadsheet prepared by office personnel to track deposits and disbursements.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.
