CITIZENS SUMMARY

Findings in the Review of 2013 Property Tax Rates

Background	Section 137.073, RSMo, requires the State Auditor's office to annually review the local property tax rates of all taxing authorities in the state to determine whether taxing authorities levied taxes in accordance with Missouri law and adjusted property tax rates to keep property reassessments from affecting revenue.
Results	We reviewed 4,844 property tax rates for 2,823 taxing authorities. The following three taxing authorities, all in St. Louis County, levied tax rates greater than the tax rate certified, resulting in excess property taxes levied of \$4,123: Elmwood Park Street Light District, Kinloch Fire Protection District, and the City of Kinloch. In accordance with Section 137.073.6(2), RSMo, we referred the three non-compliant taxing authorities to the Missouri Attorney General's office.
Additional Comments	The State Auditor's office has no authority to determine or review individual tax assessments. All individual tax assessment matters are the responsibility of the county assessor and board of equalization. Appeals to the state on tax assessment matters are handled by the Missouri State Tax Commission.

Because of the limited objective of this review, no overall rating is provided.

THOMAS A. SCHWEICH

Missouri State Auditor

Honorable Jeremiah W. (Jay) Nixon, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The State Auditor's office is required by Section 137.073, RSMo, to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine whether:

1. Local governing boards levied taxes in accordance with the Missouri Constitution and state law.
2. Local property tax rates were adjusted to ensure property reassessments were revenue neutral.

Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2013, we received substantiating data and issued a finding on 4,844 property tax rates of 2,823 taxing authorities. Three taxing authorities levied tax rates that exceeded the tax rate certified, resulting in excess property taxes levied of \$4,123. The number of taxing authorities levying a non-compliant tax rate is 0.11 percent of all taxing authorities.

Property taxes are the main source of revenue for many of Missouri's special purpose political subdivisions and county boards. The bulk of property taxes, however, fund public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices is often eroded.

2013 Property Tax Rates Results

Summary

The State Auditor received substantiating data and reviewed 4,844 property tax rates for 2,823 taxing authorities. Of the rates reviewed, 493 are debt service tax rates, 173 are new property tax rates approved by voters, and 28 are existing property tax rates that were increased by voter approval. The remaining 4,150 tax rates are existing tax rates and were reviewed for compliance with tax rate ceiling rollback requirements only. Three taxing authorities (0.11 percent of all taxing authorities) levied tax rates that are non-compliant. Varying factors contributed to these violations. All four non-compliant rates, resulting in \$4,123 excess property tax revenues levied, are from St. Louis County. Taxing authorities wholly in St. Louis County are required to use the four-rate system of levying a separate rate for each subclass of property. Uncertainty with the implementation of the four-rate system originates from a lack of statutory guidance on the handling of elections, recoupments, voluntary reductions, and debt service levies. In the absence of statutory guidance specifically addressing ballots posed under the four-rate system, the State Auditor's office has reviewed all ballots under the assumption that all elections apply to all property.

In compliance with Section 137.073.6(2), RSMo, the three non-compliant taxing authorities were referred to the Missouri Attorney General's office. The table below lists the taxing authorities that levied tax rates in excess of the legally permissible tax rate provided by state law.

(1) The Certified Rate column represents the rates determined to be legally permissible based on the information submitted by the taxing authority.

(2) The excess property tax revenue is computed by multiplying the excess tax rate (actual rate levied minus the certified rate) by the assessed valuation and dividing by 100.

The following graphs illustrate the 5-year history of non-compliant rates and revenue. The high excess revenues in 2009 was due to St. Louis County levying \$11,447,230 in excess revenues.

Methodology

The State Auditor's office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The counties submit the substantiating data received to the State Auditor for review. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

The 2013 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Article X, Section 22, Missouri Constitution (commonly referred to as the Hancock Amendment). Each tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of each tax rate ceiling is based on the assessed valuation for the entire political subdivision and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, the review of property tax rates begins with the prior year allowed revenue. Current year tax rates must be set to yield the same gross revenue as allowed in the prior year. In addition, an adjustment is made for additional revenue permitted for assessment growth. That adjustment is the lower of (1) the actual growth rate, (2) the inflation rate, or (3) 5 percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also affect the tax rate ceiling calculation. The counties use this rate to assess taxes on all property including new construction and improvements.

Voters may authorize increases beyond the annual revenue neutral tax rate ceiling. Voter-approved increases are reviewed for compliance with applicable laws and stated ballot restrictions. In addition to reviewing new and existing property tax levies for revenue neutrality, the State Auditor's

2013 Property Tax Rates Results

office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is compliant if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

A taxing authority's total assessed valuation submitted by the County Clerk or a representative of the taxing authority is used in the State Auditor's office review of property taxes. The State Auditor's office does not review the assessed valuation of individual pieces of property. Chapter 138, RSMo, governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the County Assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase, tax rate ceilings generally decrease, depending on the amount of the increase, to produce substantially the same amount of revenue as allowed in the prior year. As assessed valuations decrease, tax rate ceilings may increase to produce substantially the same revenue as allowed in the prior year from existing property, limited by voter authorization. See Appendixes I and II for a summary of the changes in assessed valuation by type of taxing authority, and Appendixes III and IV for a summary of changes in tax rate ceilings by type of taxing authority. In addition, Appendix V is a map that provides a statewide geographical perspective of total county valuation changes prior to adjustments. This map reflects the change in total assessed valuation from the previous year prior to any adjustments for new construction and reassessment. Appendix VI is a map of the adjusted assessed valuation by county. This map reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred. However, 2013 assessed valuations indicate the majority of county adjusted assessed valuation changes were less than the Consumer Price Index, which does not indicate a major reassessment. The comparison of assessed valuations and tax rate ceilings from 2012 to 2013 for Appendixes I through VI give consideration to revisions that taxing authorities submitted to the State Auditor's office for changes to assessments that occurred after setting the 2012 property tax rate.

Taxing authorities are listed by primary county (as designated by the taxing authority when established) in Appendixes VII, VIII-A, and VIII-B and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright, followed by the City of St. Louis). A taxing authority located in more than one county is listed under the primary county only. The assessed valuations presented for taxing authorities in Appendixes VII, VIII-A, and VIII-B, except school districts, include all

2013 Property Tax Rates Results

taxable locally assessed and state assessed property. The assessed valuations presented for school districts include only taxable locally assessed property. The abated portions of property valuations that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling. The 2012 assessed valuations, tax rate ceilings, and tax rates levied as listed in Appendixes VII and VIII-B, represent amounts and rates certified in 2012 and presented in our Report No. 2013-012, *Review of 2012 Property Tax Rates*, with no adjustment for revisions that taxing authorities submitted to the State Auditor's office for changes to assessments that occurred after setting the 2012 property tax rate.

Sales tax rollbacks required by law for some county levies were not reviewed as part of this report. Any concerns in that area would be addressed in State Auditor's office reports of individual counties. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review to ensure the district did not waive all or part of the rollback without voter approval in order to generate additional local revenues. A majority of the 518 school districts have obtained voter approved waivers of the required sales tax rollback of their 2013 property tax, including 443 with a full waiver and 40 with a partial waiver. Appendixes VII and VIII-A indicate the 483 school districts that have either full or partial waivers of Proposition C (sales tax) reductions.

Legislative Issues

Sections 137.073.5(3) and 137.073.5(4), RSMo, were revised in 2008, which provides a voluntary reduction taken in a non-reassessment year (even numbered year) results in a reduced tax rate ceiling during the following reassessment year (odd numbered year). These provisions also allow taxing authorities that voluntarily reduce a tax rate in a previous even numbered year to undo that voluntary reduction in the following even numbered year. To increase the tax rate in the following even numbered year, the taxing authority must conduct a public hearing, and adopt an ordinance, a resolution, or a policy statement justifying its action prior to setting and certifying its tax rate.

Sections 137.180.3 and 137.180.4, RSMo, were revised in 2010 to reschedule the date new estimated tax rates had to be calculated and mailed for taxing authorities not partially in first class charter counties or the City of St. Louis. Effective dates were changed from January 1, 2011, to January 1, of the year following receipt of software necessary for implementation provided by the State Tax Commission. As of December 31, 2013, such software has not been provided.

Section 137.073.2, RSMo, was revised in 2011 to change the maximum authorized levy definition for some taxing authorities. This affects taxing authorities that had elections impacting tax rate year 2009 or after that experienced a decrease in assessed valuation in the election year.

LEGEND:

- * Levy was not certified due to insufficient substantiating data; however, it does not appear that a rate was levied.
- ** Levy did not exist in the given year.
- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase or decrease to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see the Results Section for 2013 levies and Report No. 2013-12, Review of 2012 Property Tax Rates. All non-compliant rates in 2012 and 2013 are taxing authorities wholly in St. Louis County and therefore not listed in this appendix.
- E School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- F School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- G Article X, Section 11(g) of the Missouri Constitution allows the Kansas City 33 School District School Board to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (\$4.96). The rate so established may be changed from year to year by the School Board.

NOTES:

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). When a taxing authority is in more than one county, it is listed under the primary county only.

This Appendix does not list taxing authorities that levied a separate tax rate for each subclass of property. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendixes VIII-A and VIII-B for a listing of 2013 and 2012 taxing authorities that calculated separate tax rates for each subclass of property.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both the taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue generated is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

LEGEND:

- * Levy was not certified due to insufficient substantiating data; however, it does not appear that a rate was levied.

** Levy did not exist.

A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.

B A voter approved increase or decrease to an existing levy.

C Levy includes a recoupment rate authorized by state law.

D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see the Results Section for the 2013 levies.

E School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.

F School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.

G Levy includes a recoupment rate authorized by state law. School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.

NOTES:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2013 and 2012 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue generated is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

- LEGEND:
- * Levy was not certified due to insufficient substantiating data; however, it does not appear that a rate was levied.
 - ** Levy did not exist.
 - A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy. No newly approved tax rates were passed in St. Louis County in 2012 and therefore none are listed in this appendix.
 - B A voter approved increase or decrease to an existing levy.
 - C Levy includes a recoupment rate authorized by state law.
 - D Levied a tax rate in excess of the legally permissible tax levy as provided by state law, see Report No. 2013-012, Review of 2012 Property Tax Rates.
 - E School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.
 - F School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
 - G Levy includes a recoupment rate authorized by state law. School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.
 - H A voter approved increase or decrease to an existing levy. School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.000 and levy up to its calculated tax rate ceiling.

NOTES:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Political subdivisions partially in St. Louis County and partially in another county(ies) were also required by previous legislation to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi rate calculation. See Appendix VII for a listing of 2013 and 2012 taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's office by both taxing authority and the county or counties in which the tax rate is levied.

Assessed Value column presents only the assessed valuation the property tax is levied against.
