To the County Commission and Officeholders of Carroll County

We have audited certain operations of Carroll County in fulfillment of our duties under Section 29.230, RSMo. In addition, Beard-Boehmer & Associates, PC, Certified Public Accountants, was engaged to audit the financial statements of Carroll County for the year ended December 31, 2015. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2015. The objectives of our audit were to:

- 1. Evaluate the county's internal controls over significant management and financial functions.
- 2. Evaluate the county's compliance with certain legal provisions.
- 3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, and other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures.

No findings resulted from our audit of Carroll County.
