INDEPENDENT AUDITORS' REPORT

To the County Commission and Officeholders of Moniteau County, Missouri

Report on the Financial Statements

We have audited the accompanying special purpose regulatory cash basis financial statements of Moniteau County, Missouri, which comprise the statement of revenues, expenditures, and changes in cash – regulatory basis of each governmental fund as of December 31, 2016 and 2015, and the related statements of revenues, expenditures and changes in cash – regulatory basis – budget and actual for each governmental fund, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri Law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MONITEAU COUNTY, MISSOURI INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Moniteau County, Missouri, using accounting practices prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Moniteau County, Missouri, as of December 31, 2016 and 2015, and the changes in its financial position.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the cash balances of each governmental fund of Moniteau County, Missouri, as of December 31, 2016 and 2015, and their respective cash revenues and expenditures, and budgetary results for the years then ended, on the basis of the financial reporting provisions of Missouri Law as described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 1, 2017, on our consideration of the Moniteau County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Moniteau County, Missouri's internal control over financial reporting and compliance.

This report is intended solely for the information and use of management, County Commission, others within the entity, and the state of Missouri and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Moniteau County, Missouri is governed by a three-member board of commissioners. In addition to the three County Commissioners, there are nine elected Constitutional Officers: Assessor, County Clerk, Circuit Clerk/Ex Officio Recorder of Deeds, Collector, Treasurer, Coroner, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1.C., these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which practices differ from accounting principles generally accepted in the United States of America, which would include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. REPORTING ENTITY

The County's operations include property tax assessments and collections, state/county courts administration, recording of deeds and other instruments, public safety, economic development, road and bridge maintenance, public welfare, and social and human services. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission, an elected county official, and the Senate Bill 40 Board of Trustees. The cemetery trust funds have been donated to the County for use of the interest only for cemetery upkeep; the Tax Maintenance Fund is under the control of the County Collector, and the Law Library Fund is under the control of the Prosecuting Attorney.

The financial statements referred to above include the primary government of Moniteau County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County's legal entity. The financial statements do not include the Circuit Court Fund since it is controlled by the Circuit Clerk, or the County Health Center and the 911 Board since they are separate governmental entities.

B. BASIS OF PRESENTATION

Governmental Funds - Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues, and expenditures. The County's funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds.

Fiduciary (Agency) Funds - Certain county officials may collect fees from services, remit the monies to the county, state, or to other parties or hold monies in a trustee capacity as an agent of individuals, taxing units, or other governments. These assets, which are held for the benefit of external parties, are held in fiduciary (agency) funds which are custodial in nature, and are not reported on the accompanying financial statements.

C. BASIS OF ACCOUNTING

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

D. BUDGETS AND BUDGETARY ACCOUNTING

The County follows these procedures in establishing the budget information:

- 1. In accordance with Chapter 50 RSMo, the County's policy is to adopt a budget for each governmental fund and the Senate Bill 40 Board adopts its annual budget. Budgets are prepared and adopted on the cash basis of accounting.
- 2. On or before the second Monday in January, each elected officer or department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year. The Senate Bill 40 Board Executive Director prepares its budget document for board approval. A public hearing is conducted to obtain public comment on the budget documents. Prior to approval by the County Commission and the Senate Bill 40 Board, the budget documents are available for public inspection.
- 3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. The Senate Bill 40 Board Executive Director submits the proposed budget document to the Senate Bill 40 Board for approval.
- 4. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received. For 2016 in the General Revenue Fund, the County budgeted a deficit fund balance.
- 5. Prior to February 1, the budget is legally enacted by a vote of the County Commission and Senate Bill 40 Board.
- 6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote. Budgeted amounts are as originally adopted, or as amended by the County Commission during the year. The County Commission did not amend the budget documents for 2016 or 2015. The SB 40 Board amended its budgets for both 2016 and 2015 in August and December of each year.
- 7. Adoption of a formal budget is required by state statute. The County budgeted for all funds during the year ended December 31, 2015, but did not prepare a budget for the Sheriff Revolving Fund for the year ended December 31, 2016.

I. PUBLISHED FINANCIAL STATEMENTS

Under Section 50.800 and 50.810, RSMo, the County Commission is responsible for preparing and publishing in a local newspaper a detailed annual financial statement for the County. The financial statement is required to show revenues, expenditures, and beginning and ending balances for each fund. For the years ended December 31, 2016 and 2015, the published financial statements included all funds as required.

NOTE 2. CASH AND INVESTMENTS

Deposits

The County and Senate Bill 40 Board have determined through experience that business checking accounts and money market accounts are appropriate types of accounts or instruments for its needs. The County invests each fund's cash balance in interest-bearing bank accounts and in repurchase agreements to the extent possible at one depository bank. The Senate Bill 40 Board has banking accounts at two depository banks and two certificates of deposit at a third bank. Each fund is included on the financial statements as "Cash" under each fund's caption. Section 110.270, RSMo, based on Article IV, Section 15, Missouri Constitution, authorizes counties to place their funds, either outright or by repurchase agreements, in U.S. Treasury and agency obligations. At December 31, 2016 and 2015, the County had investments in repurchase agreements.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Disclosures are provided below regarding the risk of potential loss of cash deposits. For the purpose of the disclosures, deposits with financial institutions are demand accounts, including negotiable order of withdrawal accounts in banks.

Insured and Collateralized Deposits

In accordance with state law, all uninsured deposits in financial institutions must be secured with acceptable collateral. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain state or political subdivision debt obligations, surety bonds, or certain letters of credit. Missouri statutes also require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

At December 31, 2016 and 2015, the County's deposits and Senate Bill 40 Board's deposits held at the respective depositary banks were adequately covered by Federal Depository Insurance Coverage and with additional collateral held by an independent bank in the county's name or Senate Bill 40 Board's name or by its agent in the county's name or Senate Bill 40 Board's name. The County's deposits and Senate Bill 40 Board's deposits were not subject to custodial or investment credit risk at year end.

In addition, Section 30.950, RSMo, requires political subdivisions with authority to invest in instruments other than depositary accounts at financial institutions to adopt a written investment policy. Among other things, the policy is to commit a political subdivision to the principles of safety, liquidity, and yield (in that order) when managing public funds and to prohibit purchase of derivatives (either directly or through repurchase agreements), use of leveraging (through either reverse repurchase agreements or other methods), and use of public funds for speculation. The County and Senate Bill 40 Board have adopted a written investment policy in accordance with applicable state law.

NOTE 3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund (CERF) was established by the state of Missouri to provide pension benefits for county officials and employees.

The monthly benefit for county employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). An eligible death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two or a reduced benefit annuity at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

A contribution to CERF of 2% of annual salary is required for eligible employees hired before February 25, 2002 and not in LAGERS, and a contribution of 6% of annual salary is required of employees hired after February 25, 2002, effective January 1, 2003, in order to participate in CERF. During 2016 and 2015, the County collected and remitted to CERF \$140,708 and \$130,019, respectively, for the years then ended. At December 31, 2016, the County had 46 employees enrolled in CERF.

The Senate Bill 40 Board contributed \$25,089 in 2016 and \$23,690 in 2015 to the system. INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commission and Officeholders of Moniteau County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the various county funds of Moniteau County, Missouri, as of and for the two years ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Moniteau County, Missouri's basic financial statements and have issued our report thereon dated September 1, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Moniteau County, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Moniteau County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Moniteau County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2016-001 and 2016-002 that we consider to be significant deficiencies.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Moniteau County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* as items 2016-001 and 2016-002.

Moniteau County, Missouri's Responses to Findings

Moniteau County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Moniteau County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management, County Commission, others within the entity, and the Missouri State Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

MONITEAU COUNTY, MISSOURI SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

FINANCIAL STATEMENT FINDINGS

This section includes the audit findings that *Government Auditing Standards* require to be reported for an audit of financial statements.

SIGNIFICANT DEFICIENCIES IN INTERNAL CONTROL AND COMPLIANCE AND OTHER MATTERS

2016-001 Budgetary Procedures Not in Compliance With State Law

Condition: We noted the following issues with the County's budgeting process during our audit:

A. The County Commission and County Clerk did not exercise adequate budgetary control over certain funds during the audit period. Expenditures were approved for payment that exceeded the approved budget for the following funds as shown below:

<u>Fund</u>	Year	 Amount
Assessment	2015	\$ 11,393
Prosecuting Attorney Training	2016	40
Election Service	2016	357
Recorder User Fee	2015	344
Adult Abuse	2015	37

B. The County Clerk made errors on the 2016 budget by not carrying the total expenditures requested to the total approved column on four different funds causing the summary reconciliation for the various funds to change as follows:

	Amount	Original	Revised
	Requested	Estimated	Estimated
	Not in	Cash	Cash
Fund	Approved Column	Balance	Balance
General Revenue	\$ 56,543	39,439	(17,104)
Law Library	6,000	12,186	6,186
Tax Maintenance	20,000	67,110	47,110
Prosecuting Attorney Admin			
Handling Cost	12,500	30,857	18,357

The reconciliation for the Local Emergency Planning Committee Fund was not accurately completed also in the 2016 budget. The balance at December 31, 2014, of \$393 was not reported carrying over to 2015 and with estimated revenues of \$9 for 2016 made an estimated ending balance of \$410 instead of \$9 as reported. There were no approved expenditures.

The main result of not carrying the amount requested to the total approved column on the budget document caused the General Revenue Fund to actually have a negative estimated cash balance, which is not allowed by state law. The amount requested not carried to the total approved column was the amount budgeted for the Emergency Fund.

It was also noted on a review of the 2017 budget in the Special Road and Bridge Fund, the portion of the capital improvement sales tax of \$158,650 was not included in the 2015 column that was included in the 2016 budget. It appeared this was mistakenly omitted from the 2017 budget.

MONITEAU COUNTY, MISSOURI SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

C. The County did not amend the budget for 2016 for the creation of a new fund or established a budget in 2017 for the Sheriff Revolving Fund that had activity in the fund for the year of 2016.

Criteria: Section 50.540 RSMo, requires the budget be revised prior to authorizing expenditures in excess of the budget. Section 67.010 RSMo, states in no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus an unencumbered balance or less any deficit estimated for the beginning of the budget year. Chapter 50 of the County Budget Law also requires that a budget be adopted for all county funds as required.

Cause: County officials did not review the budget documents properly upon preparation or on a periodic basis and, therefore did not properly prepare amended or corrected budgets.

Effect: The County Commission and County Clerk did not follow state law on the preparation of budget documents and the expenditures of funds.

Recommendations:

- A. The County Commission should not approve expenditures in excess of budgeted amounts. The County Commission should properly amend the budgets in a public meeting when unforeseen circumstances arise that necessitate increased expenditures in any fund.
- B. The County Commission should revise the 2016 and 2017 budget documents for the effect of the changes to the respective funds noted above and submit the revised budgets to the State Auditor's Office.
- C. The County Commission and County Clerk amend the 2017 budget for the Sheriff Revolving Fund for the activity in year 2016 and for the estimated amount of revenues and expenditures and ending balance for 2017. The amended budget should be filed with the State Auditor's Office.

Auditee's Response: The County Commission along with the County Clerk will better monitor expenditures and budgeted amounts. Amended budgets for 2016 and 2017 are in the process of being done as recommended.

2016-002 Accounting for Transfers in County Budgets Need Improvement

Condition: The financial statements of the County as represented in the annual budget document did not present the proper amount of transfers between the various funds. Total amounts reflected on the budget documents for actual transfers in did not agree with total actual transfers out for the years ended December 31, 2016 and 2015. The total transfers in and out for the year ended December 31, 2016, per the budget documents were \$42,221 and \$45,482, respectively. The total transfers in and out for the year ended December 31, 2015, per the budget documents were \$382,228 and \$225,600, respectively.

The differences in transfers in and out were the result of other expenditures or corrections posted on the budget document to transfers in and out instead of to the appropriate expenditure classifications. Audit adjustments have been made to several county funds in the financial statements for the incorrect classifications to properly state the actual amount of transfers made by the County.

MONITEAU COUNTY, MISSOURI SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2016 AND 2015

Criteria: The budget instructions issued with the budget forms by the State Auditor's Office for

preparation of the financial statements require that transfers in and out be properly

reported in the various funds and are in balance.

Cause: The County Commission and County Clerk did not consider the importance of balancing

the budgeted and actual amounts of transfers in and out between the various funds.

Effect: The transfers in and out between various county funds are not in balance on the budget

documents filed with the state and misstate the financial statements presented by the

county.

Recommendation:

The County Commission and County Clerk should ensure both budgeted and actual transfers to and from other funds are in agreement each year.

Auditee's Response: Going forward with a better understanding of how the state-provided budget spreadsheet functions, the transfers to and from other funds will properly be maintained.

MONITEAU COUNTY, MISSOURI FOLLOW-UP ON PRIOR AUDIT FINDINGS FOR AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The previous financial audit performed for Moniteau County, Missouri, was for the two years ended December 31, 2012, therefore there is no follow-up to be presented on prior audit findings.
