Missouri State Auditor

County Commission
and
County Collector
Stone County, Missouri

We have audited the County Collector and Property Tax System of Stone County. Section 52.150, RSMo, requires the State Auditor to audit the office of the County Collector after being notified of a vacancy in that office. On February 28, 2021, a vacancy occurred in the office of the County Collector of Stone County. A successor was appointed and sworn into office effective March 4, 2021. The scope of our audit included, but was not necessarily limited to, the year ended February 28, 2021. The objectives of our audit were to:

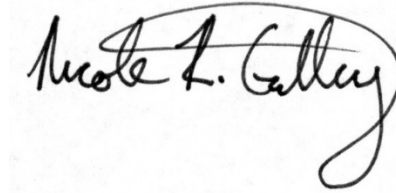

1. Evaluate the county's internal controls over significant property tax functions.
2. Evaluate the county's compliance with certain legal provisions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We reviewed receipt and disbursement transactions, addition and abatement activity, commissions, and the annual settlement; and performed sample testing of some of these areas using haphazard and judgmental selection, as appropriate. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the County Collector and county management and was not subjected to the procedures applied in our audit of the County Collector and Property Tax System.

Section 52.150, RSMo, requires the County Commission to accept the State Auditor's report and, if necessary, to take certain specific actions if the State Auditor finds any funds owed to the county or the former County Collector. For the areas audited, we identified (1) no significant deficiencies in internal controls and (2) no significant noncompliance with legal provisions. No findings resulted from our audit of the County Collector and Property Tax System of Stone County.
