CITIZENS SUMMARY

Findings in the audit of the Office of State Treasurer

Background

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities, or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

Findings

The audit identified no significant deficiencies in internal controls, no significant noncompliance with legal provisions, and no significant deficiencies in management practices and procedures. No findings resulted from this audit.

In the areas audited, the overall performance of this entity was **Excellent**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Scott Fitzpatrick, State Treasurer
Jefferson City, Missouri

We have audited certain operations of the Office of State Treasurer, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

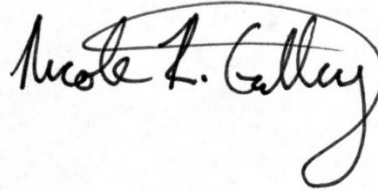

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We reviewed receipt, disbursement, and payroll transactions, and cash and investment activity; and performed sample testing of some of these areas using haphazard and judgmental selection, as appropriate. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Office of State Treasurer.

A handwritten signature in black ink that reads "Nicole R. Galloway". The signature is written in a cursive style with a large, looping flourish at the end of the name.

Office of State Treasurer

Organization and Statistical Information

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities, or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

The accounting and banking services area (1) maintains a fund accounting system to fulfill a statutory responsibility to keep separate accounts of the funds of the state and to allocate investment interest to funds, (2) maintains ledger controls on fund balances and appropriations to assure that no check is issued that exceeds the lawful appropriated balances, (3) controls receipt of state monies collected by state agencies and deposited in local banks throughout the state, (4) reconciles bank activity to receipt and disbursement activity reflected on the state books, (5) determines the amount of state monies not needed for current operating expenses, and (6) confirms daily disbursements with the bank as certified by the Office of Administration.

The general and administrative services area provides processing support to other areas of the office by (1) operating the central check mail service, (2) controlling and processing outlawed and replacement checks, and (3) processing invoices for office expenditures.

The investments area places state monies not needed for current operating expenses in interest-bearing time deposits, U.S. government and agency securities, commercial paper, banker's acceptances, and repurchase agreements. This area also administers the State Treasurer's statutory linked deposit program and monitors and accounts for the collateralization of state funds.

The Unclaimed Property Division administers Missouri's Unclaimed Property Act (Chapter 447, RSMo). The Unclaimed Property Division is responsible for (1) ensuring unclaimed property is reported, (2) receiving and recording reports of unclaimed property, (3) depositing unclaimed funds to the Abandoned Fund Account Fund, (4) maintaining custody and safekeeping of abandoned or unclaimed physical property, and (5) processing owner claims for abandoned funds or physical property.

Governor Michael L. Parson appointed Scott Fitzpatrick as the forty-seventh State Treasurer, and was sworn in on January 14, 2019. Treasurer Fitzpatrick

Office of State Treasurer
Organization and Statistical Information

was elected to a four year term of office in November 2020. His term expires in January 2025.

As of June 30, 2020, the office had 41 full-time positions to assist in the accomplishment of its mission.

Financial Activity

Notes to the Appendixes

1. Basis of Presentation

Amounts presented in Appendixes A through E are reported on the budgetary or cash basis of accounting. The budgetary basis recognizes revenues as cash is received and expenditures as cash is disbursed. Missouri issues a Comprehensive Annual Financial Report for each fiscal year ended June 30, in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The financial activity of the Office of State Treasurer is included in the Comprehensive Annual Financial Report.

The amounts presented in Appendix A represent receipts, disbursements, transfers, and cash and investment balances of funds that are dedicated to the activities and programs of the office.

The amounts presented in Appendixes B and C represent funds appropriated to the office by the Missouri General Assembly and expended by the office.

The amounts presented in Appendixes D and E represent all funds in the state treasury and all trust funds in the custody of the State Treasurer.

State treasury funds are subject to appropriation; trust funds are not. The appendixes do not include any funds or investments that are not in the custody of the State Treasurer.

2. Cash and Investments

Article IV, Section 15 of the Missouri Constitution establishes the State Treasurer as custodian of all state funds and funds received from the U.S. government. This section further authorizes the State Treasurer to place all such monies on time deposit, bearing interest, in Missouri banking institutions selected by the State Treasurer and approved by the Governor and the State Auditor, or in obligations of the U.S. government or any agency or instrumentality thereof maturing or becoming payable not more than 5 years from the date of purchase. In addition, the State Treasurer may enter into repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law. The State Treasurer may also invest in banker's acceptances issued by domestic commercial banks possessing the highest rating issued by at least 2 nationally recognized statistical rating organizations and in commercial paper, issued by domestic corporations receiving the highest rating issued by at least 2 nationally recognized statistical rating organizations. Investments in bankers acceptances and commercial paper shall mature and become payable not more than 180 days from the date of purchase, maintain the highest rating throughout the duration of the investment and meet any other requirements provided by law. The State Treasurer shall prepare, maintain, and adhere to a written investment policy that shall include an asset allocation plan limiting

Office of State Treasurer
 Organization and Statistical Information

the total amount of state money that may be invested in each investment category authorized by law.

Deposits

The State Treasurer maintains approximately 41 demand deposit bank accounts that serve as the state's primary operating accounts, and 83 additional demand deposit bank accounts throughout the state, some with multiple depositing locations, that serve as collection accounts for various state agencies. Cash balances in the state's operating accounts that are not needed for immediate use are invested.

The demand deposit accounts on Appendix D are used to manage the state's daily receipt, disbursement, and transfer activities and to segregate funds available for investing. The demand deposit accounts consist of the following:

Demand Deposit Accounts

	June 30, 2020		June 30, 2019		June 30, 2018	
	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts
