## **NICOLE GALLOWAY, CPA**

### **Missouri State Auditor**

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of January 2022 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In January, the state spent \$131.5 million from federal COVID-19 assistance (Appendix A). Through the end of January, the state has received \$5.41 billion and spent \$5.17 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendixes C and D. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.47 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

A handwritten signature in black ink that reads "Nicole R. Galloway".

# Federal Funding for COVID-19 Response

January 2022

## Executive Summary

---

### Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of January 31, 2022, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.<sup>1</sup> The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

---

<sup>1</sup> The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

---

Federal Funding for COVID-19 Response  
January 2022  
Executive Summary

---

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of January 31, 2022, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund<sup>2</sup> may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

On December 14, 2021, the Department of the Treasury issued revised guidance to provide that a cost associated with a necessary expenditure incurred due to the public health emergency shall be considered to have been incurred by December 31, 2021, if the recipient has incurred an obligation with respect to such cost by December 31, 2021. The department defines obligation for this purpose as an order placed for property and services and entry into contracts, subawards, and similar transactions that require payment. Recipients are currently permitted to record their expenditures through September 30, 2022. Previous guidance had indicated for a cost to be considered to have been incurred, performance or delivery must occur during the covered period but payment of funds need not be made during that time.

---

Federal Funding for COVID-19 Response  
January 2022  
Executive Summary

---

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.<sup>3</sup> Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:<sup>4</sup>

1. Medical expenses such as:

- COVID-19-related expenses of public hospitals, clinics, and similar facilities.
- Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
- Costs of providing COVID-19 testing, including serological testing.
- Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
- Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.

2. Public health expenses such as:

- Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
- Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.

---

<sup>3</sup> The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

<sup>4</sup> U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <[https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register\\_2021-00827.pdf](https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf)>, accessed April 1, 2021.

Federal Funding for COVID-19 Response  
January 2022  
Executive Summary

- 
- Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
  - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
  - Expenses for public safety measures undertaken in response to COVID-19.
  - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.
  4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
    - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
    - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
    - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
    - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
    - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
    - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
  5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
    - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
    - Expenditures related to a state, territorial, local, or tribal government payroll support program.

---

Federal Funding for COVID-19 Response  
January 2022  
Executive Summary

---

- Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used to cover necessary expenditures.<sup>5</sup> If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government. Recipients are currently permitted to record their expenditures through September 30, 2022, based on guidance issued by the Department of the Treasury redefining how the term "incurred" is being interpreted.

Under the CARES Act, the state has also been awarded as of January 31, 2022, approximately \$4.12 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of January 31, 2022, approximately \$2.86 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

---

Federal Funding for COVID-19 Response  
January 2022  
Executive Summary

---

Under the American Rescue Plan Act of 2021, the state has been awarded as of January 31, 2022, approximately \$10.92 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. American Rescue Plan Act financial activity is not included in this report series. It is presented in a separate series of monthly reports beginning in July 2021.

In January, the state spent \$131.5 million from federal COVID-19 assistance (Appendix A). Through the end of January, the state has received \$5.41 billion and spent \$5.17 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.47 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendixes C and D.

<sup>1</sup> This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022, as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

Housing Assistance Stimulus Fund <sup>4</sup>	0	323,715,323	0	323,715,323	0	0
Total all Funds	\$ 5,412,218,447	5,174,872,503	3,605,793	589,599,832	764,191,132	59,148,851

<sup>1</sup> During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

<sup>2</sup> This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during the 2 fiscal years ended June 30, 2022, as disbursements, due to changes in the appropriation process in these fiscal years for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

<sup>3</sup> The General Assembly authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earned, had to be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

<sup>4</sup> In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2022. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

<sup>1</sup> The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

<sup>2</sup> Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. In December 2021, the Department of the Treasury issued revised guidance to provide that a cost associated with a necessary expenditure incurred due to the public health emergency shall be considered to have been incurred by December 31, 2021, if the recipient has incurred an obligation with respect to such cost by December 31, 2021. Recipients are currently permitted to record their expenditures through September 30, 2022. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

<sup>3</sup> This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.
