### CITIZENS SUMMARY

#### Findings in the audit of the Naylor-Neelyville Ambulance District

Misappropriated Money, Questionable Meeting Minutes, and Conflicts of Interest At least \$249,247 was misappropriated from the district from January 1, 2017, to June 15, 2023. The Director improperly paid himself 186 checks and 6 electronic transfers totaling \$173,287, his wife (the Billing Clerk) 65 checks totaling \$55,010, and his mother (Board Secretary) 39 checks totaling \$20,950, after the Board outsourced ambulance services. The Board did not approve any of these payments. Included in these improper payments were severance, duplicate, advance, and bonus payments. Improper payments were also made for unnecessary services such as election and COVID-19 response, when there were no elections held or COVID-19 response activities. Additionally, improper payments included payments identified as expense reimbursements that were unsupported and questionable.

The various improper payments were deposited into the personal bank accounts of the Director, Billing Clerk, and Board Secretary. A significant portion of the payments were deposited into joint accounts of the Director and the Billing Clerk or accounts of the Board Secretary, upon which the Director was an authorized signer. A review of the personal bank account records indicate each individual disbursed money from the accounts after the deposit of district checks and may have personally benefited from the improper payments.

The Director may have falsified Board meeting minutes to conceal improper payments. Significant discrepancies were identified during our review of the July 18, 2016, meeting minutes; the related payments to the Director, the Billing Clerk, and the Board Secretary; and testimony of former Board President Meyer and 2 former Board members.

The Director, Billing Clerk, and Board Secretary were close family members, which resulted in actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing checks written to all three individuals.

# Oversight, Budgets, and Financial Reporting

Board members did not provide adequate oversight of the Director or segregate duties over the various financial accounting functions of the district. The Director and the Board did not prepare budgets or file financial statements for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. Additionally, the Board did not obtain annual audits of its district as required by state law.

In the areas audited, the overall performance of this entity was **Poor**.\*

**Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.

Good: The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.

Fair: The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.

**Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

<sup>\*</sup>The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

Board of Directors Naylor-Neelyville Ambulance District Popular Bluff, Missouri

We have audited certain operations of the Naylor-Neelyville Ambulance District as they relate to the district's finances in fulfillment of our duties under Chapter 29, RSMo. Due to concerns regarding misappropriated money, the State Auditor initiated the audit with the approval of the Naylor-Neelyville Ambulance District Board of Directors. The scope of our audit included, but was not necessarily limited to, the period January 1, 2017, through June 15, 2023. The objectives of our audit were to:

- 1. Evaluate the district's internal controls over significant management and financial functions as they relate to any misappropriated money and/or waste of public resources.
- 2. Evaluate the district's compliance with certain legal provisions as they relate to any misappropriated money and/or waste of public resources.
- 3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions, as they relate to any misappropriated money and/or waste of public resources.
- 4. Determine the extent of money misappropriated from the district, if any, and any waste of public resources.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the district's management and was not subjected to the procedures applied in our audit of the district.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) money misappropriated from the district totaling at least \$249,247 and a waste of public resources. The accompanying Management Advisory Report presents our findings arising from our audit of the Naylor-Neelyville Ambulance District.

# Naylor-Neelyville Ambulance District Introduction

#### **Background**

The Naylor-Neelyville Ambulance District Director, Brad Davis, began employment in January 1995, and resigned on July 11, 2022. The July 11, 2022, Board meeting minutes (found at the district office) indicate the Director "would be turning everything over to the city of Naylor including all keys and access" and "the Board would need to find someone to do the job that he was doing for years." However, the Director continued to maintain access to the district's bank account, computer, and office until June 15, 2023, when the Board established a new district bank account and gained access to the district's safe deposit box and office. The Director's wife/ex-wife, Amy Davis, was paid as the Billing Clerk from at least January 2017 to March 2020. She is referred to as the Billing Clerk or as the Director's wife throughout the remainder of this report. His mother, Arlene Davis, was paid as the Board Secretary, from at least January 2017 to December 2020.

In October 2016, the district contracted with a vendor to provide ambulance services to citizens in the district (see Appendix A). During the first year of the contract, the district was to withhold \$46,000 from tax revenues for the purchase of vehicles and equipment (\$23,000) and to pay off outstanding debts (\$23,000). After the first year, the contract provided for the district to remit all district property tax revenue, excluding the district's costs for elections, any filings and/or registrations of regulating bodies, and Board insurance, to the ambulance services contractor for services provided. The contract also required the district to provide invoices for any costs withheld from the property tax revenues to the contractor.

After ambulance services of the district were outsourced to Medic One, the Director was primarily responsible for the following district functions and records as follows:

- Receipts The Director typically received and deposited one check per month for district property taxes collected by Ripley County.<sup>2</sup>
- Disbursements The Director prepared, signed, and distributed checks.
   Two signatures were required on all district checks. The Director and the Board Secretary typically signed most checks.
- Bank accounts The Director received monthly bank statements.
- Reporting The Director submitted the Board-approved district property tax levy to the Butler and Ripley County Clerks' offices each August.

<sup>&</sup>lt;sup>1</sup> The Director and Billing Clerk were divorced on July 25, 2018.

<sup>&</sup>lt;sup>2</sup> Property taxes collected by the Butler County Collector were direct deposited into the district's bank account.

Naylor-Neelyville Ambulance District Introduction

#### Investigation and audit

In December 2021, the State Auditor's Office (SAO) Whistleblower Hotline received complaints about the district's financial practices. The SAO conducted an initial review of these matters in February 2022, under Section 29.221, RSMo. After review of the documentation and communications provided, the SAO determined further investigation was warranted under Section 29.221, RSMo.

On May 23, 2022, the district Board sent the SAO a copy of a resolution authorizing an audit of the district. On July 7, 2022, the SAO agreed to conduct this audit. The SAO began the audit in April 2023.

The SAO issued a letter and/or subpoenas to the Director, Billing Clerk, Board Secretary, district's bank, and various other banks in which the Director, Billing Clerk, and Board Secretary deposited district checks to compel them to provide testimony<sup>3</sup> and/or produce records and documents related to their testimonies (see Appendixes B through H). Appendixes B through H include redactions of information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena. Representatives of the SAO took the testimony of the Director, the Billing Clerk, and the Board Secretary on July 12 and 13, 2023. Representatives of the SAO also recorded interviews with the former and current Board Presidents, and 3 current and former Board members, and requested copies of any district records they possessed that supported their statements.

The district's fiscal year is January 1 through December 31. The scope of our audit included, but was not necessarily limited to the period January 1, 2017, through June 15, 2023. This comprises the approximate time period the Director had sole control of district bank accounts after the district contracted for ambulance services.

<sup>&</sup>lt;sup>3</sup> Individuals provided testimony under oath and the testimony was recorded by SAO auditors.

# 1. Misappropriated Money, Questionable Meeting Minutes, and Conflicts of Interest

From January 1, 2017, to June 15, 2023, money totaling at least \$249,247<sup>4</sup> was misappropriated from the district. Board meeting minutes provided to auditors were possibly falsified to conceal improper payments. The Director, Billing Clerk, and Board Secretary were all close family members which created actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing the checks written to all three individuals.

#### 1.1 Improper payments

The Director improperly paid himself, his wife (Billing Clerk), and his mother (Board Secretary) \$249,247 after the Board outsourced ambulance services. The Board did not approve any of these payments. Included in the improper payments were severance, duplicate, advance, and bonus payments. Improper payments were also made for unnecessary services such as election and COVID-19 response, when there were no elections held or COVID-19 response activities. Additionally, improper payments included payments identified as expense reimbursements that were unsupported and questionable.

The following table provides a summary of the amounts improperly paid by recipient and identifies the appendix where specific details are reported.

Payments after ambulance services were outsourced

From January 1, 2017, to June, 15, 2023, the Director improperly issued himself 186 checks and 6 electronic transfers totaling \$173,287. He also improperly issued 65 checks totaling \$55,010 to the Billing Clerk, and 39 checks totaling \$20,950 to the Board Secretary.<sup>5</sup> Twenty-two of the checks

<sup>&</sup>lt;sup>4</sup>Amounts presented in the report are rounded to the nearest dollar, whereas amounts presented in appendixes are not rounded.

<sup>&</sup>lt;sup>5</sup> Payment details included in the appendixes were obtained from the district's canceled checks.

the Director issued to himself, totaling \$14,800, were issued after the July 11, 2022, meeting in which the minutes indicated he resigned.

From January 1, 2017, to June 15, 2023, the Director issued 290 of the 392 district checks (74 percent<sup>6</sup>) to himself, his wife, and his mother. All of the checks issued to the Director, the Billing Clerk, and the Board Secretary were signed in what appears to be the Director's scripted handwriting and included the Board Secretary's signature. However, the Board Secretary indicated during sworn testimony that she often signed blank checks in advance and that many of the signatures on checks issued to the Director, the Billing Clerk, and to herself did not look like her signature.

The October 2016 ambulance services contract did not allow for any of the 296 payments totaling \$249,247 to be made or services to be provided by the Director, the Billing Clerk, or the Board Secretary. The former Board President and 2 former Board members also indicated, in recorded interviews, that they did not authorize, review, or approve any payments made to the Director, the Billing Clerk, or the Board Secretary after ambulance services were outsourced. There is no documentation (timesheets, employment contracts, expense reimbursement claim forms, or invoices for expenses) to support any of the payments, and no one reported the payments as compensation to the Internal Revenue Service (IRS). The district also did not provide invoices for any costs withheld from the property tax revenues paid to the ambulance services contractor as required by the contract. As a result, all payments after the contract became effective were unapproved and unsupported, and are considered improper.

The remainder of the finding includes details about some of the payments considered improper to further illustrate the payments made after the district entered into the ambulance services contract were not authorized or supported.

Severance and bonus payments

The improper payments to the Director, Billing Clerk, and Board Secretary include severance and bonus payments. The former Board President and 2 former Board members indicated in recorded interviews they did not approve severance or bonus payments, nor did the district enter into any employment agreements with the Director, the Billing Clerk, or the Board Secretary that provided for severance pay.

Severance payments

The Director issued severance payments to himself, the Billing Clerk, and the Board Secretary as shown in the following table. It is unclear why the

<sup>&</sup>lt;sup>6</sup> The Director issued 26 checks (7 percent) totaling \$690,038 to the ambulance services contractor, and issued the remaining 76 checks (19 percent) for Board insurance, publication costs, post office box rental, vehicle loan pay off, and other miscellaneous costs totaling \$32,929.

Director, the Billing Clerk, and the Board Secretary continued to be paid after receiving severance pay, which is generally considered final pay.

Check Date	Director	Billing Clerk	Board Secretary
04/15/2017	\$ 0	9,850	4,500
07/15/2017	2,500	0	0
07/31/2017	2,500	0	0
08/15/2017	2,500	0	0
12/14/2017	2,500	0	0
03/01/2020	0	1,900	0
Total	\$ 10,000	11,750	4,500

**Bonuses** 

The Director issued bonus payments to himself, the Billing Clerk, and the Board Secretary as follows:

Check Date	Director	Billing Clerk	Board Secretary
12/15/2018	\$ 500	500	300
12/07/2019	750	350	750
12/10/2020	650	0	750
11/27/2021	500	0	0
12/16/2022	500	0	0
Total	\$ 2,900	850	1,800

Bonus payments represent additional compensation for services previously rendered and, as such, are in violation of Article III, Section 39, the Missouri Constitution, and contrary to Attorney General's Opinion No. 72-1955 (June 14, 1955), which states, ". . . a government agency which derives its power and authority from the Constitution and laws of this state would be prohibited from granting extra compensation in the form of bonuses to public officers or servants after the service has been rendered."

Duplicated pay

The improper payments also include multiple payments to the Director and Billing Clerk for the same time period worked, as follows:

Check Date	Check Memo Line	Di	rector	Clerk
12/14/2017	Contracted labor thru Dec 31st	\$	850

(1) Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.

Advance payments

Naylor Neelyville Ambulance District Management Advisory Report - State Auditor's Findings

The Director also advanced himself pay as part of the payments identified as improper. Most of the advance checks included a reference to a contract in the memo line (as shown in the following table); however, the district did not have an employment contract with the Director.

Check	Check	Check	Check Purpose, as Shown in			
Date	Number	Amount	Check Memo Line			
10/13/2021	10292	\$ 600	1/2 Contract Balance Advance thru 11/30/21

(1) Portions of the memo line of the canceled check, notated by a  $\sim$  symbol, were not legible. Thus, the wording is not known.

The Director issued several other checks in advance of the end of the pay period, but the checks did not specifically indicate they were advance payments. For example, the Director issued himself a \$650 check on March 15, 2023, for "Contract labor thru 4-15-23" and the Billing Clerk a \$725 check on February 12, 2020, for "Contract & Exp thru 3/15/20 pp."

Advance payments are loans of district funds. The district has no statutory authority to make loans and Article VI, Sections 23 and 25 of the Missouri Constitution specifically prohibits counties, cities, or other political subdivisions of the state from granting public money or things of value to any corporation, association, or individual.

Payments for unnecessary services

During our review of payments made to the Director, Billing Clerk, and Board Secretary, we noted payments for election work, COVID-19 response, and the handling of a dispute with a gas company. However, no such services were required.

Election work

The Director issued himself, the Billing Clerk, and the Board Secretary 14 checks, totaling \$10,651, for election work (see following table). The Board Secretary indicated during sworn testimony that district citizens could come to her home to fill out forms to file as a Board candidate of the district. The ambulance services contract allows the district to withhold tax revenues for the administration of Board elections; however, the Ripley and Butler County

Clerks indicated no district Board elections were held during 2018, 2019, 2020, and 2021 (the time period the checks were issued).<sup>7</sup>

<sup>(1)</sup> Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.

#### COVID-19 response

The Director issued himself 4 checks, totaling \$4,250, and the Billing Clerk a \$925 check, for COVID-19 call and response hours as noted on the memo lines of the checks (see following table); however, the district received no federal COVID-19 funding. No documentation (timesheets or other records of hours worked) was maintained by the Director and Billing Clerk to support these payments, and the ambulance services contractor provided services related to the pandemic.

	Purpose as Shown in		Billing
Check Date	Check Memo Line	Director	Clerk
03/30/20	COVID Hours March	\$ 1,500	
03/30/20	COVID Call & Response Hours		925

06/26/20	COVID monitoring & Telework thru	750	
	6/30/20		

In sworn testimony, the Director verified the district did not receive any federal COVID-19 funds. He would not comment on what type of COVID-

<sup>&</sup>lt;sup>7</sup>A Board candidate may file for general elections (typically held in April of each year) from December 5 to December 26, in the year proceeding each April election.

19 response he performed. In sworn testimony, the Billing Clerk indicated she did not provide and was not paid by the district for any COVID-19 response work.

Gas company dispute

The Director issued the Billing Clerk 2 checks related to a dispute with a gas company: a \$400 check in March 2019 for "Ozark Gas correspondence; lawyer & bills" and a \$675 check in April 2019 for "Contract labor thru 4/30/19 & Ozark Gas ~." District records indicate the Board Secretary addressed a billing discrepancy with the gas company in January 2017. An employee from the gas company indicated the company was unable to contact the district and received no correspondence from the district after January 2017, so it subsequently wrote off the district's account balance as uncollectible in 2019. The gas company provided the information after we interviewed the Director, Billing Clerk, and Board Secretary so we did not question them about this information.

Unsupported and questionable payments for expenses

The Director issued himself, the Billing Clerk, and the Board Secretary numerous checks for expense reimbursements according to the memo line of the checks. However, no documentation of the expenses was retained by the district or provided by the Director, the Billing Clerk, or the Board Secretary. These questionable payments are included in the improper payments identified.

The Director issued himself 43 checks, totaling \$32,652, in which the memo line indicates the pay was for at least, in part, expenses and no documentation of these expenses was retained/maintained by the district or provided by the Director upon our request. For example, on March 23, 2017, the Director issued himself a \$1,750 check and the memo line indicated it was for "Computer purchases/supplies/software." In response to a subpoena, the Director turned over the district's computer to us. The computer was manufactured in 2005 and contained district files dating back to 2006. Therefore, the computer could not have been purchased in March 2017. The Director indicated in sworn testimony that he could not remember if he purchased a computer.

Of the questionable expense checks issued to the Director, 32, totaling \$27,882, were issued for whole dollar amounts. This would be unusual for the expenses described on the memo line, such as supplies. The Director also issued himself 3 sequential checks (check numbers 10263, 10264, and 10265) for \$1,500 each. The memo line of the checks indicated they were issued in part for expenses. One of the checks was dated April 12, 2021, and the other 2 checks were dated May 3, 2021. It is unclear why 3 checks for expenses for

 $<sup>^{8}</sup>$ Portions of the memo line of the canceled check, notated by a  $\sim$  symbol, were not legible. Thus, the wording is not known.

identical whole dollar amounts would be necessary to be issued to the Director within 3 weeks of each other.

The Director also issued the Billing Clerk 11 checks, totaling \$7,835, and the Board Secretary a \$550 check for expenses; however, no documentation to support these expenses was retained by the district. All of these checks were issued for even dollar amounts.

Disposition of improper payments

The various improper payments were deposited into the personal bank accounts of the Director, Billing Clerk, and Board Secretary. A significant portion of the payments were deposited into joint accounts of the Director and the Billing Clerk or accounts of the Board Secretary, upon which the Director was an authorized signer. A review of the personal bank account records indicated each individual disbursed money from the accounts after the deposit of district checks and may have personally benefited from the improper payments.

Billing Clerk

Of the 65 improper checks issued to the Billing Clerk, 61 checks, totaling \$51,510, were deposited into the Director and Billing Clerk's joint personal bank accounts from January 2017 to March 2020. Three checks, totaling \$3,000, were deposited (in December 2018 and January 2019) into an account held solely by the Billing Clerk. The bank could not determine how the remaining \$500 check was negotiated.

The Billing Clerk indicated in sworn testimony she did not receive or deposit these checks and the Director, her husband/ex-husband, 9 negotiated these checks. Each check issued to the Billing Clerk was endorsed using her name. However, the Billing Clerk indicated, in sworn testimony, the endorsement was not signed in her handwriting and instead was in the Director's handwriting. Bank records show 42 of 61 checks issued to the Billing Clerk and deposited into the joint personal bank accounts were included in the same deposit as other checks issued to the Director. The remaining 19 checks issued to the Billing Clerk and deposited into the joint personal bank accounts were deposited in separate deposits with no other money deposited with them.

While the Billing Clerk indicated she did not receive or deposit the district checks, a review of disbursements from one of the joint bank accounts <sup>10</sup> indicate she used the account after the district checks were deposited into the account. The Billing Clerk's signature was present on 85 checks, totaling \$10,700, issued from this account from January 25, 2017, through January

<sup>&</sup>lt;sup>9</sup> The Director and Billing Clerk were divorced on July 25, 2018.

<sup>&</sup>lt;sup>10</sup> We did not obtain disbursement or debit card purchase history on the other joint personal bank account.

18, 2020. The Billing Clerk's signature varied on the checks issued.<sup>11</sup> In addition, 1,188 debit card purchases, totaling \$73,682, were made using a debit card issued to the Billing Clerk from this same joint bank account from January 25, 2017, to March 30, 2020 (the date of the last district check issued to the Billing Clerk). As a result, the Billing Clerk may have benefitted from some of the district checks issued to her.

**Board Secretary** 

District checks issued to the Board Secretary, totaling \$19,800, were deposited into the Board Secretary's personal bank accounts, of which the Director is also an authorized signer. The bank was unable to determine how the remaining 2 checks, totaling \$1,150, were negotiated. Funds from these bank accounts were solely disbursed by the Board Secretary and her husband from January 1, 2017, through June 15, 2023, indicating they may have benefitted from the improper payments deposited into their account.

#### **Overall Conclusion**

The lack of segregation of duties and adequate controls, and the absence of proper oversight, as discussed in the remainder of this report, resulted in improper payments to the Director, the Billing Clerk, and the Board Secretary and waste of district resources going undetected for a significant period of time. Some Board members expressed concerns regarding these payments; however, they failed to take timely action to address or provide independent and supervisory reviews over transactions involving the Director, the Billing Clerk, and the Board Secretary.

When we asked the Director if he would be willing to repay any of the unsupported payments to the district, he indicated in sworn testimony, "For me to repay them? For what?... Unsupported doesn't mean undeserved," and when asked if he felt responsible for any of these payments, he indicated, "I'm not going to comment on that."

# 1.2 Questionable meeting minutes

The Director may have falsified Board meeting minutes (see Appendix I). On February 14, 2022, a State Auditor's Office (SAO) investigator requested the Director provide all district meeting minutes from January 1, 2017, to December 31, 2021. In response, in March 2022, the Director submitted meeting minutes for 7 meetings held during this time frame (August 30, 2017, February 18, 2018, August 28, 2019, April 29, 2020, August 28, 2020, June 3, 2021, and August 19, 2021).

The Director also submitted July 18, 2016, meeting minutes (see first 2 pages of Appendix I; boxes were added to Appendix I for emphasis). Those July 18, 2016, meeting minutes contained the following:

<sup>&</sup>lt;sup>11</sup> As a result of the varied signatures, we are unable to determine if the Billing Clerk issued and signed all of these checks.

- The Board "discussed and approved" the Director "staying on with paid position for manager of contract. Salary reduced to No More than \$650/week with an anticipated 20 hour work week with a combination of remote work and in-office assignment. Contracted labor only. No fringe benefits."
- "Finalization of employment positions discussed with regard to severance packages." The Director, Billing Clerk, and Board Secretary "to receive according to years of service and type of duty. Will no [sic] exceed payment of \$10,000 for severance package each."
- "Discussed expense reimbursement for any remote services related to usage of home supplies and equipment, special expenses in form of allowance for any work exceeding 20 hours a week. Will provide compensation to" the Billing Clerk and the Board Secretary, "and any other current contract workers if added duties or responsibilities are added."

Significant discrepancies were identified during our review of these meeting minutes; the related payments to the Director, the Billing Clerk, and the Board Secretary; and testimony of former Board President Meyer and 2 former Board members as follows:

 The agenda/meeting minutes submitted by the Director were dated July 18, 2016, at the top, while, the bottom of the same meeting minutes were dated July 25, 2018.

It is unclear why meeting minutes for a meeting held on July 18, 2016, would also be dated July 25, 2018, 2 years after the date of the meeting. Notices of public hearings show the Board met at least twice between these dates, once in August 2016 and again in August 2017. Therefore, had these meeting minutes been prepared in July 2016, the Board should have reviewed and approved them at the August 2016 or August 2017 meetings.

- It is also questionable that while the minutes indicate the Director was to be paid \$650 per week, and no more, beginning in January 2017, he did not pay himself this amount until April 2022 (after providing the meeting minutes to SAO investigators). See Appendix J.
- Former Board President Meyer indicated in a recorded interview that she did not recall any of the discussion noted in these July 2016 meeting minutes regarding compensation for the Director, the Billing Clerk, and the Board Secretary. She also indicated that she did not sign these meeting minutes; however, the meeting minutes contain her signature. In addition, former Board President Meyer and 2 other former Board members

indicated the Board did not approve the Director, the Billing Clerk, and the Board Secretary to receive compensation after the district entered into a contract for Medic One to provide ambulance services.

• It is also not clear why the July 18, 2016, and August 30, 2017, meeting minutes include Faye Meyer's signature when Velma Tubb served as President. Former Board President Meyer was not appointed as Board President until sometime in 2018, after former Board President Tubb passed away in November 2017.

The 8 meeting minutes submitted to our office in March 2022, contained former Board President Meyer's signature; however, the signature on some of these 8 meeting minutes appear very similar or copied. Former Board President Meyer indicated Board members typically signed a blank piece of paper to show attendance at each meeting.

Section 610.020.7, RSMo, states minutes of open and closed meetings shall be taken and retained by the public governmental body. Meeting minutes serve as an official record of district business conducted and district actions and decisions. The Board's failure to meet regularly and require meeting minutes to be prepared and reviewed by the Board allowed these issues to occur and go undetected. Some Board members expressed concerns about the district practices in recorded interviews; however, they failed to take action to address the concerns or provide independent and supervisory reviews over the work of the Director, the Billing Clerk, and the Board Secretary.

#### 1.3 Conflicts of interest

The Director, Billing Clerk (Director's wife), and Board Secretary (Director's mother) were all close family members which created actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing the checks written to all three individuals. All of the checks issued were signed in the Director's scripted handwriting. The Board Secretary indicated during sworn testimony that she often signed blank checks in advance, and that many of the signatures on checks issued to the Director, the Billing Clerk, and to herself did not look like her signature. As a result, the payments to the Director, the Billing Clerk, and the Board Secretary were likely only approved by the Director or the Director and Board Secretary. The former Board President and 2 former Board members indicated in recorded interviews that they did not authorize, review, or approve any of the payments made to the Director, the Billing Clerk, or the Board Secretary, and the Board only met once or twice a year.

The Board did not adequately monitor district activities for conflicts of interest. Board members serve in a fiduciary capacity and have an obligation to the public to avoid the appearance of impropriety. Personal interests in business matters of the district could create actual or the appearance of conflicts of interest, and a lack of independence could harm public confidence

in the Board and reduce its effectiveness. Some Board members expressed concerns of conflicts of interest in recorded interviews; however, they failed to take action to address or provide independent and supervisory reviews over transactions involving the Director, the Billing Clerk, and the Board Secretary.

#### Recommendations

#### The Board of Directors:

- 1.1-1.2 Work with law enforcement officials regarding criminal prosecution of the improper payments and falsified meeting minutes and take the necessary actions to obtain restitution, and ensure meeting minutes are prepared and retained for all meetings.
- 1.3 Closely examine district transactions to identify conflicts of interest.

#### Auditee's Response

- 1.1-1.2 The Board will work with law enforcement officials regarding criminal prosecution of the improper payments and falsified meeting minutes and take the necessary actions to obtain restitution. The Board now requires meeting minutes be prepared and retained for all meetings.
- 1.3 The Board will closely examine district transactions in the future to identify conflicts of interest.

# 2. Oversight, Budgets, and Financial Reporting

Board members did not establish adequate oversight of district finances and did not prepare budgets, submit financial statements, or obtain annual audits as required by state law, resulting in misappropriated money and a waste of public resources.

# 2.1 Oversight and segregation of duties

The Board did not provide adequate oversight of the Director or segregate duties over the various financial accounting functions of the district. From at least December 2016 to June 2023, the Board failed to regularly meet to discuss or review the district's finances (other than to meet annually to set the property tax levy), leaving the district without adequate leadership and accountability. The former Board Treasurer indicated during a recorded interview that the Board would just meet to "visit just a little bit and check on how everybody was doing." The Board also failed to require meeting minutes or financial statements be prepared for review and approval by the Board. As a result, ambulance district money was not handled and accounted for properly and the Board did not identify discrepancies in a timely manner.

The Board did not segregate district financial accounting functions and, from at least January 1, 2017, to June, 15, 2023, the Director issued and signed checks from the district's bank account without Board oversight. The only

control over these disbursements was a second signature on the checks, which was ineffective because the additional signor was the Director's mother (Board Secretary). This control was further circumvented, as the Board Secretary indicated that she often signed blank checks in advance and could not verify that some of the check signatures were hers. Finally, as noted in the Background section, the Director had sole access to the district office, computer, and safe deposit box. The Board failed to obtain access to these and the district's bank account until June 15, 2023, when the Board established a new district bank account and gained access to the district's safe deposit box and office. This was 11 months after the Director purportedly resigned in July 2022.

Internal control weaknesses identified throughout this report are significant and demonstrate a lack of segregation of duties and proper oversight by the Board that led to the misappropriation noted in Management Advisory Report (MAR) finding number 1.1. Proper segregation of duties helps ensure transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties is not possible, timely supervisory or independent reviews of work performed and investigation into unusual items and variances is necessary. Good management practices require extensive and detailed oversight by the Board. Signing checks in advance represents a significant control weakness and allowed improper disbursements to occur. Some Board members expressed concerns about the district practices in recorded interviews; however, they failed to take action to address the concerns or provide independent and supervisory reviews over transactions involving the Director and his family.

# 2.2 Budgets and financial reporting

The Director and the Board did not prepare budgets or file financial statements for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. The Board also did not obtain annual audits of its district as required by state law, and the Board did not know when the last audit of district finances occurred. The Board did not file annual financial reports with the SAO for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. Per the Missouri Department of Revenue (DOR), the district currently owes \$903,000 for the period December 2017 through December 2020 for failure to file financial statements.

Section 67.010, RSMo, requires political subdivisions prepare a budget to present a complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. In addition, Section 67.080, RSMo, provides that no expenditure of public money should be made unless it is authorized in the budget. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of district operations. It also assists in setting tax levies and informing the public about district operations and current finances.

Section 105.145, RSMo, requires each political subdivision to file annual reports of its financial transactions with the SAO. Section 105.145.9, RSMo, requires political subdivisions to be fined \$500 per day for missing filing deadlines. In addition, 15 CSR 40-3.030, requires each political subdivision to file annual financial reports within 6 months of the end of the subdivision's fiscal year. Section 190.075, RSMo, requires the district to obtain annual audits of the district books, records, and accounts.

#### Recommendations

#### The Board of Directors:

- 2.1 Segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 2.2 Prepare annual budgets that contain all information required by state law and ensure the budgets are adequately monitored. The Board of Directors should also submit annual financial reports timely to the State Auditor's Office and obtain annual audits as required by state law.

#### Auditee's Response

- 2.1 The Board will implement appropriate reviews and monitoring procedures of all district transactions.
- 2.2 The Board will prepare annual budgets that contain all required information and monitor the budgets. The Board will also submit financial reports timely to the State Auditor's Office and will obtain annual audits as required by state law.

## Naylor-Neelyville Ambulance District Organization and Statistical Information

The Naylor-Neelyville Ambulance District was established in June 1983 pursuant to Chapter 190, RSMo. The district covers 180 square miles in southeastern Ripley and southwestern Butler counties, has one building in Naylor, Missouri, and serves approximately 3,800 district residents. The Board of Directors is comprised of six members. Membership on the Board is to be comprised of one member from each of the following: City of Naylor, City of Neelyville, Town of Oxly, Town of Fairdealing, rural Ripley County, and rural Butler County. Board members receive no compensation. As of June 15, 2023, the Board consisted of the following members:

- (xiii.) Indemnify and hold harmless Medic One from any lawsuit, judgment or settlement against Medic One, which arises out of Provider's actions or inactions related to the performance of Medic One's duties, obligations, and Services in connection with the Form PMTSATS-711.

#### INDEPENDENT CONTRACTOR

This Agreement neither creates nor should be construed and neither Party shall provide its Services in a manner or make any representations which creates or infers any employment, joint venture or partnership relationship between the Parties. It is mutually understood and agreed the Parties, in performing their respective duties and obligations are at all times acting and performing as independent contractors with respect to each other. Neither Party shall exercise control or direction of any nature, kind or description over the manner or method by which the other performs Services, if such would eliminate either Party's independent contractor status. Neither Party shall have any authority to bind the other to any obligation nor shall any Party be responsible for any obligation or expense of the other, except as may be expressly provided by this Agreement. Provider and Medic One retain the right to offer their respective services to others, subject to the terms, conditions and restrictions in this Agreement. Neither Party shall be subject to any of the other's policies which are solely applicable to such Party's employees. The provisions of this paragraph shall survive expiration or termination of this Agreement.

#### MODIFICATION(S)

Notwithstanding anything else herein to the contrary, Provider shall be entitled to keep and retain records and documentation related to each customer Transaction for a period of ten (10) years following termination of this Agreement; provided however, any such retained records or data shall be retained solely for purposes of Provider's regulatory compliance and recordkeeping responsibilities with such records and data being

retained and secured in compliance with all federal and state laws and regulations, as well as disclosed in full in the Compliance Affidavit Form PMTSACA-711.

#### TERMINATION

In addition to the Parties' rights to terminate with notice, Medic One may, but is not necessarily obligated to and only if permitted by applicable law, terminate this Agreement without liability, either immediately without notice or if notice is required by law, then on the soonest permitted date after providing notice, upon the occurrence of any one of the following; (i) A Required Disclosure Event; (ii) Medic One's sale of all or substantially all of its assets, closure of facilities or loss of contracts, vendors or Customers for or to which Medic One engaged Provider for Services; (iii) Medic One, in its sole discretion, deems its provision of goods and Services in the Designated Area or under the terms and conditions of this Agreement to be unprofitable or otherwise inconsistent with Medic One's overall business plan and objectives; (iv) Provider's death, dissolution, or bankruptcy; (v) Provider's breach of Confidentiality; (vi) Provider's inefficiency or unacceptable delay in performance hereunder; (vii) Provider's failure to provide calls or dispatches in a quality or quantity satisfactory to Medic One; and (viii) Provider's unlawful conduct.

Notwithstanding the foregoing, Medic One's immediately foregoing right to terminate this Agreement for cause without notice shall be limited as follows: (i) If Medic One's immediate termination without notice would leave Provider or the citizens residing within Provider's service area without any ambulance service or would otherwise jeopardize the health or safety of Provider's patients or the citizens residing within Provider's service area, then in such case, Medic One shall be required to provide at least sixty (60) days' notice to Provider of Medic One's intention to terminate for cause. In the event Medic One terminates this Agreement under the terms of this section, then Medic One and Provider shall cooperatively work together to transition services to Provider's replacement for Medic One as soon as possible.

May 9, 2023

Birk Law Firm Attn: Kelvin W. Birk 2851 Professional Court, Suite C Cape Girardeau, MO 63703

Re: Subpoena to Brad Davis from the State Auditor

Dear Mr. Birk,

Our review of documents provided initially by Mr. Davis, and in response to a subpoena (issued on April 18, 2023 and served on April 20, 2023) related to our audit of the Naylor-Neelyville Ambulance District, indicate the following documents requested in the subpoena were not provided:

- Check stubs from January 2022 to April 2023;
- Meeting minutes from September 2021 to April 2023; and
- Bank statements from January 2022 to April 2023.

In addition, the computer provided on May 3, 2023, in response to the subpoena only contained district documents from 2016 and prior; it did not provide any of the electronic files belonging to the Naylor-Neelyville Ambulance District after 2016. Your client has not yet responded fully and completely, as he has not provided all of the materials as requested in the subpoena.

Please provide any and all electronic district files (in electronic form) maintained on any and all computers used for district business from July 1, 2017 to April 18, 2023.

Please provide these documents by close of business on May 16, 2023. Please contact me at (573) 751-7474 if you have any questions or concerns.

Sincerely,

Leslie Korte General Counsel

Office of Missouri State Auditor

### **Minutes of Board Meeting**

Date: Monday February 12, 2018

Time: 09:30 AM

**Location: AMBULANCE OFFICE** 

Quarter: 1ST 2018

The Board of Directors for the Naylor-Neelyville Ambulance District conducted their quarterly meeting in accordance to the district by-laws. Meeting was open to the general public. Any closed business will be available to the general public for view in accordance with State Sunshine laws.

Meeting was set to swear in old members for another term of office given there was no opposition to them for the general election.

Motion was made to appoint Fay Meyers to the position of President of the Board and have her added to the signature authorization form at PCSB as soon as possible. All attendees were in favor.

All board members were present for the meeting except for our presiding president Velma Tubb whom passed away a couple weeks prior.

Her seat was voted to remain open until there was qualified candidates from her area that was interested in the position. At that time, it will be brought before a vote to confirm seating.

Motion was also made and carried in all favor to appoint Patricia Smody back to her current status due to the fact she was late for signing up and there was no one in opposition or interested in the position.

All other members were sworn into their positions with oath of office and will assume this role for the next two-year term.

No other business including closed business was discussed. Oaths of office were signed and witnessed by acting director Brad Davis.

Next meeting was set for 2<sup>nd</sup> quarter 2018.

Motion to adjourn at 10:25am.

#### N/A Not applicable

- (1) The district had 2 bank accounts during the time period of our audit, so two sequences of check numbers are shown. We identify one account as Bank Account A and one account as Bank Account B in this appendix.
- (2) Portions of the memo line of the canceled check, notated by a  $\sim$  symbol, were not legible. Thus, the wording is not known.
- (3) EFT is an electronic funds transfer. The purpose of the transfer is as shown on the bank statement.
- (4) Check issued out of order
