Report No. 2025-059

**Recommendations in the contracted audit of Gentry County**

2024-001	The county implement internal controls to ensure that the Schedule of Expenditures of Federal Awards (SEFA) completely and accurately states the expenditures of federal awards of the county each year.
Budgetary Compliance	The County Commission adopt a formal budget for all county funds each year. Further, we recommend that the county refrain from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to fund the current year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Gentry County, Missouri

#### **Report on the Audit of the Financial Statements**

##### ***Opinion***

We have audited the accompanying financial statements of Gentry County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2023 and 2024, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

##### ***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Gentry County, Missouri, as of December 31, 2023 and 2024, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri law as described in Note 1.

##### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Gentry County, Missouri, as of December 31, 2023 and 2024, or the changes in financial position thereof for the years then ended.

##### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gentry County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1, the financial statements are prepared by Gentry County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gentry County, Missouri's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gentry County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Gentry County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2025, on our consideration of Gentry County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Gentry County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Gentry County, Missouri's internal control over financial reporting and compliance.

**GENTRY COUNTY, MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023 and 2024**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Gentry County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eight elected Constitutional Officers: Assessor, Circuit Clerk/Recorder of Deeds, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Governmental Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

**A. Reporting Entity**

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Gentry County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk (other than the portion that is funded by the General Revenue Fund) and all funds under their control.

**B. Basis of Presentation**

**Governmental Funds** – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

**Fiduciary Funds** – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law. However, the County did not adopt a budget for the LATF Fund in 2023.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2024	2023
Special Road & Bridge	✓	N/A
Levee Restoration	N/A	✓
Community Development Block Grant	N/A	✓
CARES/ARPA	✓	N/A

E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property included within the County's boundaries for the calendar years 2024 and 2023 for purposes of taxation were:

	2024	2023
Real Estate	\$ 80,482,810	\$ 77,091,100
Personal Property	35,484,993	36,338,371
Railroad and Utilities	6,954,241	6,522,120
Total	<u>\$ 122,922,044</u>	<u>\$ 119,951,591</u>

For calendar years 2024 and 2023, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2024	2023
General Revenue	0.5552	0.5552
Senior Citizens Services	0.0500	0.0500

Additionally, the Special Road & Bridge Fund receives a portion of property tax amounts collected on behalf of township road districts within the County

#### F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest-bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

## G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Cash includes deposits and short-term investments with maturities that are less than ninety days. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2024, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents	\$ 4,646,846	\$ 4,771,960	\$ 328,079
Investments	713,513	713,513	703,854
<b>Total Governmental Funds</b>	<b>\$ 5,360,359</b>	<b>\$ 5,485,473</b>	<b>\$ 1,031,933</b>

Investments	1,661	1,661	1,661
<b>Total Fiduciary Funds</b>	<b>\$ 7,475,037</b>	<b>\$ 4,697,503</b>	<b>\$ 705,028</b>

At December 31, 2023, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents	\$ 4,704,654	\$ 4,889,170	\$ 331,369
Investments	496,929	496,929	496,929
<b>Total Governmental Funds</b>	<b>\$ 5,201,583</b>	<b>\$ 5,386,099</b>	<b>\$ 828,298</b>
Cash and Cash Equivalents	\$ 6,861,805	\$ 4,952,934	\$ 702,810
Investments	1,638	1,638	1,638
<b>Total Fiduciary Funds</b>	<b>\$ 6,863,443</b>	<b>\$ 4,954,572</b>	<b>\$ 704,448</b>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2024 and 2023 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping

bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

### 3. COUNTY EMPLOYEES' RETIREMENT PLANS

#### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

##### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

##### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

##### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a

contribution of 6% of annual salary is required of employees hired after February 2002. During 2024 and 2023, the County collected and remitted to CERF employee withholdings and fees collected of \$131,869 and \$125,539, respectively, for the years then ended

#### **B. Prosecuting Attorney Retirement Fund**

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$4,488 and \$3,459, respectively, for the years ended December 31, 2024 and 2023.

#### **C. Other Retirement Plan**

Gentry County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2024 and 2023 were \$20,775 and \$20,182, respectively.

### **4. POST EMPLOYMENT BENEFITS**

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

### **5. CLAIMS, COMMITMENT AND CONTINGENCIES**

#### **A. Compensated Absences**

The County provides full-time employees with one and one-half days of sick leave for each completed calendar month of employment, up to a maximum of 90 days. Upon termination, employees will not be compensated for any unused sick time.

Full-time employees shall earn and accrue paid vacation time at the rate of two weeks per year. After an employee has been employed for 10 years, they will receive an additional day each year up to a maximum of five days. Vacation time should be used within one year of accrual or it will be lost. Upon termination of employment, no more than two weeks of unused vacation shall be paid to an employee.

Overtime is hours worked in excess of an employee's budgeted work hours, which consists of 40 hours per week or 171 hours or more during any one 28 day pay period for law enforcement personnel. Compensatory time is overtime that is accrued and may be taken off at a later date in lieu of monetary payment. Employees should take compensatory time off during the same month in which the overtime hours occurred or no later than two pay periods after the overtime was earned. The maximum balance of compensatory time allowed to accrue is 240 hours or 480 hours for law enforcement personnel. Compensatory time is not paid out upon termination.

## B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Gentry County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Gentry County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2023 and 2024, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Gentry County, Missouri's basic financial statements and have issued our report thereon dated August 28, 2025.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Gentry County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Gentry County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Gentry County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Gentry County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and  
Officeholders of Gentry County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### *Opinion on Each Major Federal Program*

We have audited Gentry County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Gentry County, Missouri's major federal programs for the years ended December 31, 2023 and 2024. Gentry County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Gentry County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2023 and 2024.

##### *Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Gentry County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Gentry County, Missouri's compliance with the compliance requirements referred to above.

##### *Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Gentry County, Missouri's federal programs.

## ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Gentry County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Gentry County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Gentry County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Gentry County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Gentry County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## ***Report on Internal Control over Compliance***

Our consideration of internal control over compliance was for the limited purposes described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance

requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on Gentry County, Missouri's response to the internal control over compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Gentry County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Federal Grantor: U.S. Department of the Treasury

Federal Assistance Listing Number: 21.027

Program Title: Coronavirus State and Local Fiscal Recovery Funds

Pass-through Entity Identifying Number: N/A

Award Year: 2024

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards (SEFA) which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

Condition: The 2024 SEFA reported by the County in the 2025 annual budget document did not report expenditures of \$840,028 for the Coronavirus State and Local Fiscal Recovery Funds program.

Cause: The County has not implemented a proper system of internal control over SEFA preparation, such as a reconciliation to underlying accounting records or having a separate individual review of the SEFA for clerical accuracy after it has been prepared. The discrepancy occurred due to management's oversight.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for the year ended December 31, 2024.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year.

County's Response: Mrs. Clark (the County Clerk) didn't realize she hadn't included the number of monies in the SEFA report from ARPA monies. The correction was made when auditors were here.

Auditor's Evaluation: The County should implement procedures to ensure future SEFAs are complete and accurate.

**CERTIFIED PUBLIC ACCOUNTANTS**

August 28, 2025

To the County Commission  
Gentry County, Missouri

We have audited the regulatory basis financial statements of Gentry County, Missouri for the years ended December 31, 2024 and 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 16, 2025. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Matters**

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Gentry County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023 and 2024. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The following material misstatements detected as a result of our audit were corrected by management:

- Disbursements of the General Revenue and Emergency Funds were reduced by \$100,000 each in 2024 for amounts moved out of the Treasurer's main account into new certificates of deposit which were recorded as expenses.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 28, 2025.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2023 and 2024, we considered Gentry County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 28, 2025. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

### **Budgetary Compliance**

The County did not adopt a formal budget for the LATF Fund. Additionally, the County's actual expenditures exceeded budgeted amounts for the Levee Restoration and Community Development Block Grant Funds in 2023 and the Special Road & Bridge and CARES/ARPA Funds in 2024. State statutes prohibit expenditures in excess of approved budgets and require the preparation of a formal budget for all County funds. We recommend that the County Commission adopt a formal budget for all County funds each year. Further, we recommend that the County refrain from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to fund the current year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

### **Other Matters**

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but is not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

### **Restriction on Use**

This information is intended solely for the information and use of the County Commission and management of Gentry County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*
